**20 years under the sun**

Holly,

Great having you  
in class together.  
especially seeing you  
in the BOYS Locker room

Have a rad summer.

David.

Holly,  
You're a real idiot. But  
I know you can't help it.  
It is a genetic problem.  
Love,  
Craig.

Holly,  
It's been great knowing  
you for the past couple of years.  
you're a super person and I  
feel lucky to have met  
you. Hopefully I'll get to  
see ya this summer.

Good Luck

John Loring

Holly,  
An well. The time  
has come for me to  
explain to you how great  
and wonderful I am and how  
much I mean to this earth. In fact I  
the world revolves around me. Therefore, I  
suggest that you drop Jon and go directly for me  
in to this world. Enough of the Pleisan trials.  
Now I'm going to admit that I am God's direct  
like you better than Evan (I'm probably  
a big head - you're not that impressive.  
In fact you have many faults. For  
instance:  
a) You smell terrible  
b) You are deady dull  
c) You look like a fish.

On those  
pleasing  
thoughts, I  
must bid you a Fond  
adieu. Your friend  
and superior,  
Mark L. Molnar,  
damn it.

Hollie darling,  
I'm actually not too  
sorry that I can't be as  
original as good ol' M.E.  
But, it's been nice seeing  
you around this year, it's  
been ages. Well, we're gonna  
have to go to the beach this  
summer and get Tan  
together, babe!! 11/21/30-6022  
Love, (of course)  
Mike

Holly,  
I'm sorry  
I can't be  
as original  
as you are  
normally  
but I'm  
trying to  
be a little  
better. I'll  
be there for  
you. Love,  
David

Have a nice summer  
holly and be careful  
OK because I would  
like to see you in  
face again  
Love always  
Greg

It's Holly,  
really been  
to know you,  
the Summer over  
next year - The real party  
starts. Kathleen

Dan (the heat stroke man)  
had a great time  
hangin' out in the  
trainer room.  
Thanks for all  
the tape jobs  
and of the way have a  
great summer

Holly, made it  
through algebra,  
I guess we can  
make it through  
anything. Well have  
a great Summer.  
I'll see you at the  
beach. Julie  
Simmons

HOLLIE KUNST

Holly,  
Chemistry was  
great this semester  
at our table, but  
I can put mine up  
on the Chemistry stool.  
I can get a tan this  
Summer!  
Carti's Hyatt

Holly,  
Well it's been  
fun this. I think  
you should dump  
John for Mark  
(If he'll take you  
in). Maybe he won't  
be as sensitive  
about your being  
gone over the summer!  
Have fun in Europe and  
Hawaii and get a tan  
you and John are so  
white! I can see I'll  
see you next year because  
I know I will. Chow.

Holly  Hey ~~senior~~! It's been a blast  
 getting to know you. It's difficult  
 to reasonably characterize  
 the feelings that have welled  
 up within me, as it  
 was during the past  
 semester, but let me try via this  
 little story: Once there was

Holly, I hated math but you  
 & Dave made it fun. As you know the  
 teachers probably going to fail. And your  
 little story was. I hate him & Scott. Dave for  
 this semester, but let me try via this  
 little story: Once there was  
 a boy and a girl who had  
 a love story and she  
 was the FAERY

I don't know if  
 all too clear, but it's

DIRECTOR**

Sophomore President, **Brian Ehler**, grins  
after a successful fund raiser.

It's birthday time folks! Yes, Grif-  
fins, our beloved Los Alamitos High  
School is twenty years old this year,  
and for the class of '87 it's an extra  
special feeling to graduate on the  
Twentieth Anniversary. The tradition  
began in 1967 with the first Los Al  
students who entered into a legacy  
that has lasted to 1987. Through  
many ups and downs in the world,  
Los Alamitos High School has stood  
proud and has achieved a superlative  
reputation in the Los Alamitos com-  
munity as a school of high academic  
standards and rewarding activities.  
The administration, teachers, and  
especially the students have given Los  
Alamitos its fine name. This year the  
senior class leaves behind a good  
friend and wishes all the best to Los  
Al and its future students. **HAPPY  
ANNIVERSARY LOS AL!!!**

Balloons, provided by the  
senior class, add a colorful at-  
mosphere to Gahr Stadium.

Balloons, enthusiasm, and  
smiles are all a part of the  
Homecoming pep assembly.  
**Chris Rose**, a candidate for  
Mr. Irresistible, gets fueled up  
for the big game tonight.

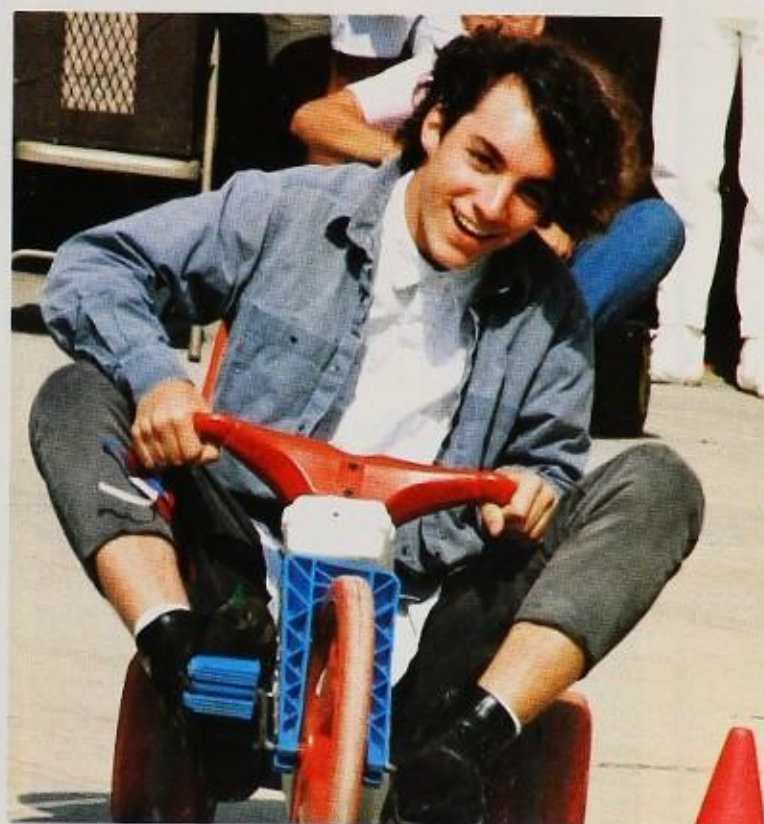

For the first time, Los Al had a semi-formal Homecoming Dance which resulted in a huge success. **Lily Truong** and **Robert Tyo** shine with laughter at this festive event.

**Tim Wynn**, member of the new band **Telesis**, shows off his talents at the Homecoming Dance.

Senior, **Ernie Thomason** gets involved in a lunch time competition during spirit week.

# FUEL FOR THE WEEKEND

*"I'll be a Robin Hood figure riding a Harley Davidson chopper giving bread to the poor across America."*

**KATHY  
MACKAY,  
SENIOR**

After a very hectic week, from out of nowhere, it hit everyone: the weekend.

Friday nights started the weekends with a splash. People filled the stadium to watch their favorite team become Empire League Champs. Others took out their special someone to see a popular movie such as *Top Gun*. By 12:00 A.M. everyone could be found getting a burrito at Taco Bell or just hanging out at a local frozen yogurt place.

Saturday morning often provided an excellent weekend activity: Skimming over the snow-carpeted slopes at Snow Summit. Big Bear made some improvements this year and the slopes opened earlier than ever. Financing a downhill ski trip was sometimes a problem, but real snow cats somehow found the "dough" to go.

Yet weekends weren't weekends without the "famous" Los Al parties. This was a good time to catch up on the latest gossip and talk to those long lost friends not usually seen around campus.

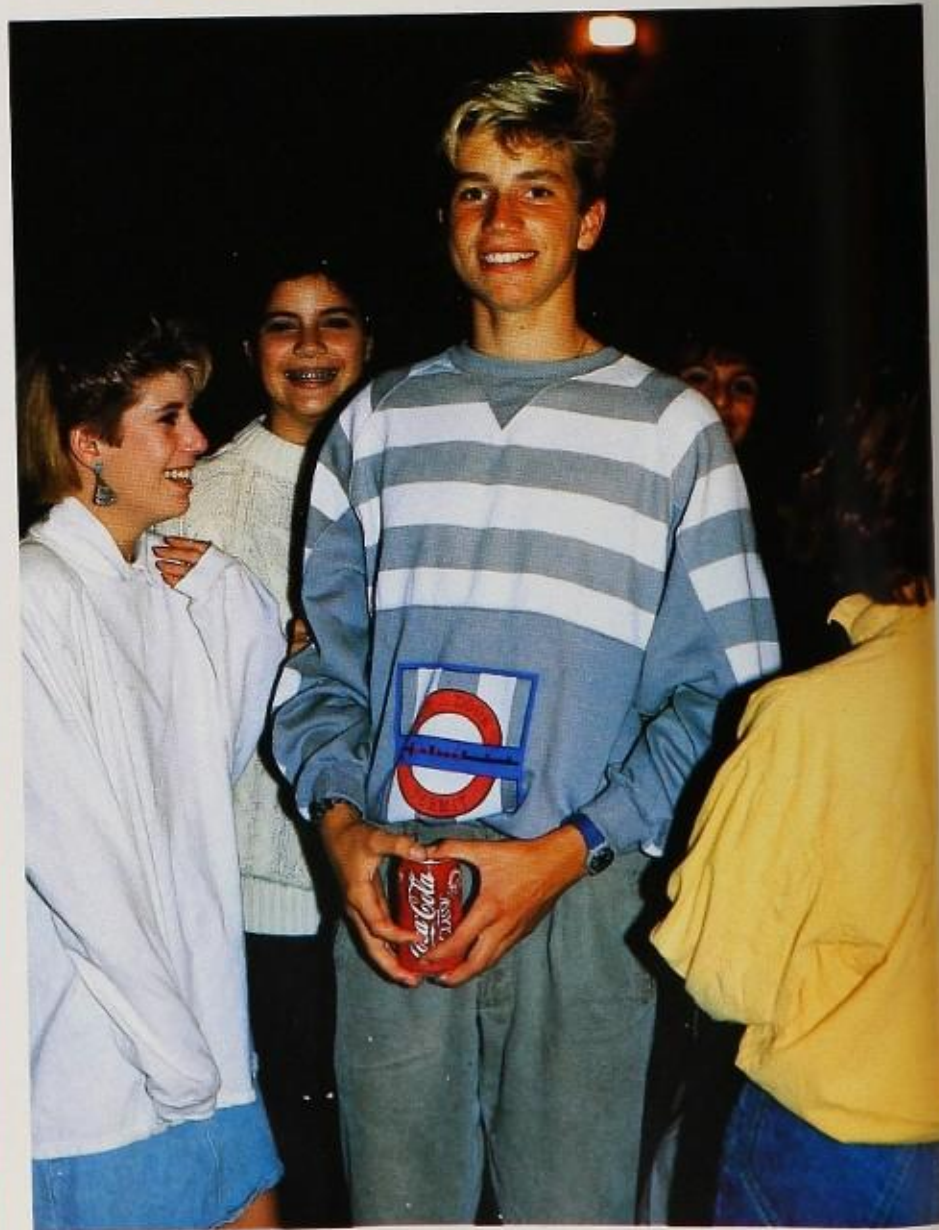

Weekends weren't always a time to relax and have fun. There were the compulsory chores, chores, and more chores. There was always the lawn to mow, the car to wash, and the "pig sty" to be made a room again. The "wait-till-the-last-minute" person could be found Sunday night beginning the term paper due Monday morning.

Whether skiing, surfing, partying, or working, frustrated students flushed a week of school out of their systems with close friends.

Griffin pride shines through at a football game.

**Allyson Glines** dances the night away at the semi-formal dance.

**Cliff Kloss** shares a Coke and a smile with his friends.

how do you like that opening?

Remember, you're the sexiest, most

mostest on top of that. Well, it's sort  
of hard to believe that our relationship

whole, entire  
year (I know  
you're in  
shock). With  
such a

# DAZZLING

## DAYS UNDER THE SUN

Electric energy whizzed through the campus during Spirit Week '86. Warm weather set the mood for a week which was full of life. Dress up days included pajama day, and teacher flip-flop day. On the day of the game, Los Al shined as everybody

showed up wearing red, white, blue, and gold. The heat was on during the lunch time competitions. Who could eat a hamburger in 35 seconds? Which class could win the tug of war? Who could dunk the teachers in a tank? Who could ride a tricycle the

fastest? These questions were answered as students challenged each other throughout the entire week. Administration, faculty, and students all shined with enthusiasm during spirit week '86.

**Mr. Gibson** and **Ms. Seymour** pretend to be nerds on Halloween day.

Los Al's mascots, **Gertrude** and **Gunther**, heat up the night with their enthusiastic style.

The sophomore class illuminates a new energy as they defeat the Freshman class during the tug-of-war.

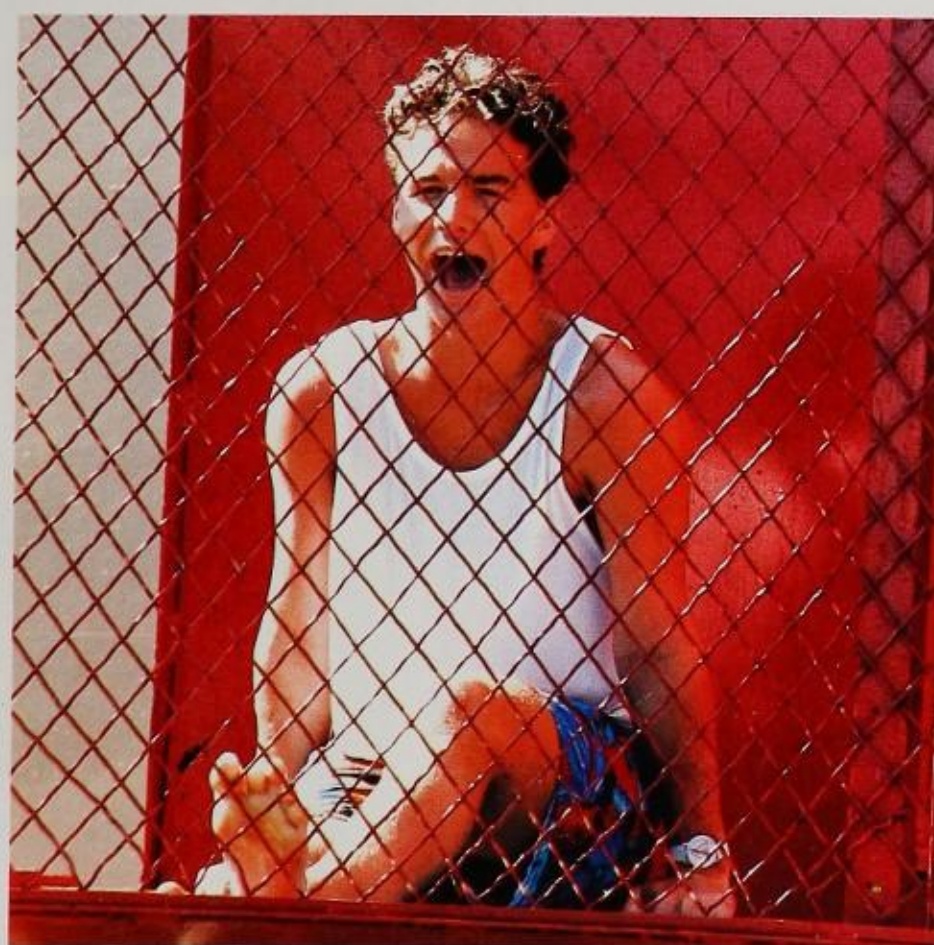

gee, I'm glad in

have to admit,

### FRIENDSHIP IS A MATTER OF TIME . . .

Friendship is really a matter of time . . .

The time it takes to be kind, the time it takes just to listen and talk, to help someone find peace of mind. Friendship is really a matter of time . . .

The time it takes you to do a thoughtful and generous favor that wasn't expected of you, the time that it takes just to answer a call to let someone know you're there. Friendship is really a matter of time . . . The time you take when you care.

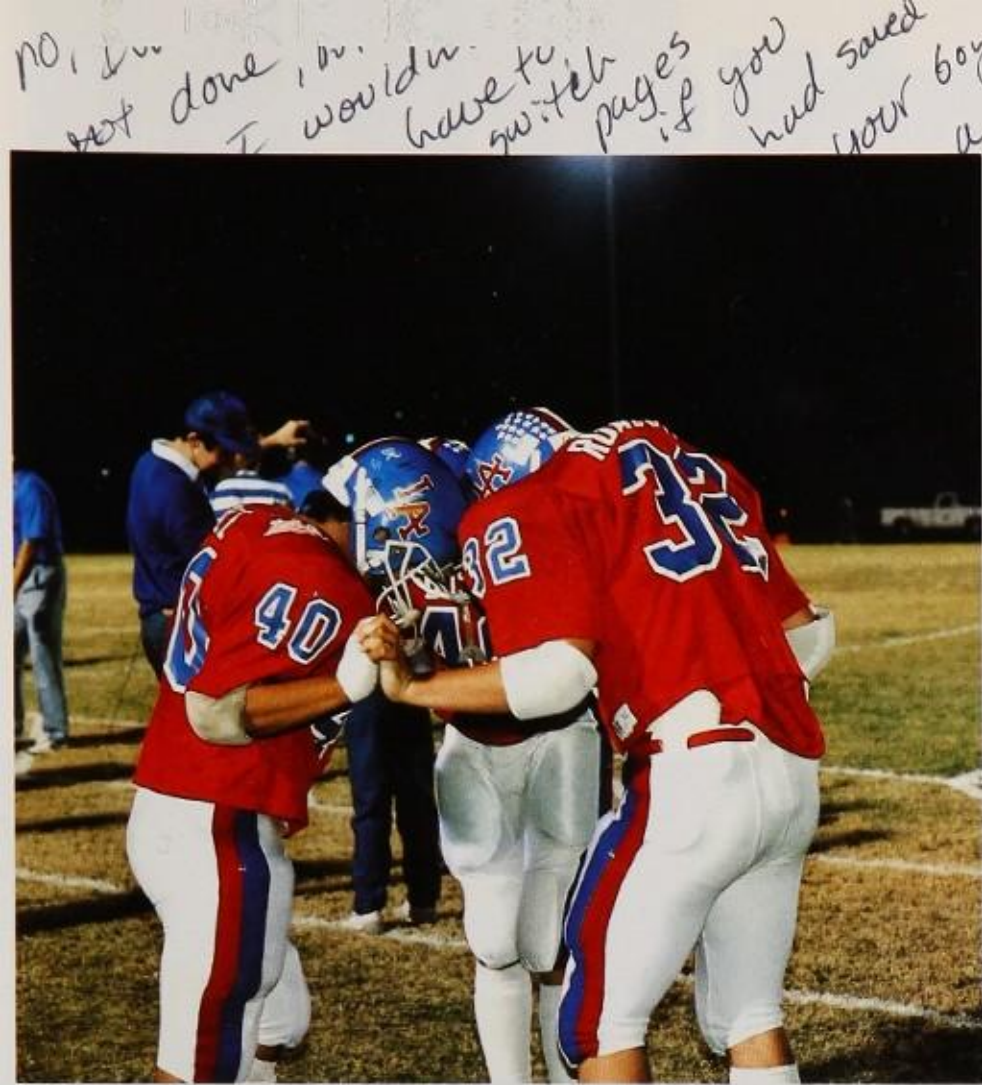

**Ann Tarlton and Shana Binder** "high-five" after completing a long workout.

Sharing the days events, **Cammie Moyer** and **Herbie Theodore** talk during lunch time.

I deeply love you, I want you for the rest of my life, and you give me a hard-on. well, I must be going my love. I'll see you for the rest of my life (I hope) with deepest love,

Praying for a win, Griffins **Roger Roadstrom**, **Mike Cole**, and **Neil Sorenson** give each other support.

Dressed in spirit day attire, **Ella Turrentine** and **Wendy Kjorness** share their malts with each other.

**Julie Siler** congratulates **David Sidoni** on his participation in spirit week.

Lunch time is for relaxing and sharing stories. **Curtis Hyatt**, **Michelle Overbeek**, **Rebecca Copeland** and **Nora LaBouff** take advantage of that thirty minutes.

# SIZZLING NIGHTS UNDER THE MOON

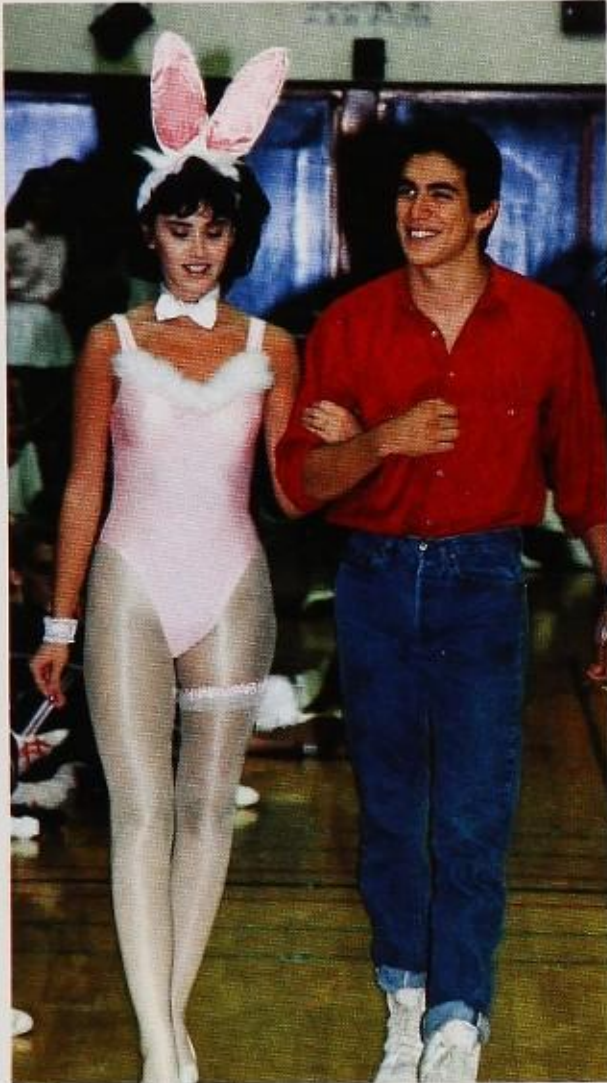

October 23, 1986 marked the annual Los Alamitos Homecoming game. The spirit level rose as the mighty Giffins took on Cypress High in the long awaited battle of the season.

Half-time quickly rolled around as Los Al took the lead and anticipation filled the crowded stands. The five Homecoming Queen nominees were

driven around the track in convertible Mercedes as a spectacular sky diver landed smack on the 50 yard line. Fireworks lit up the sky as **Michelle McLinden** was crowned the 1986-87 Homecoming Queen. Earlier that day at the pep assembly, **David Alvarez** was crowned the new Mr. Irresistible. The band, drill team, colorguard, and cheerleaders all added

to the excitement of this sizzling event.

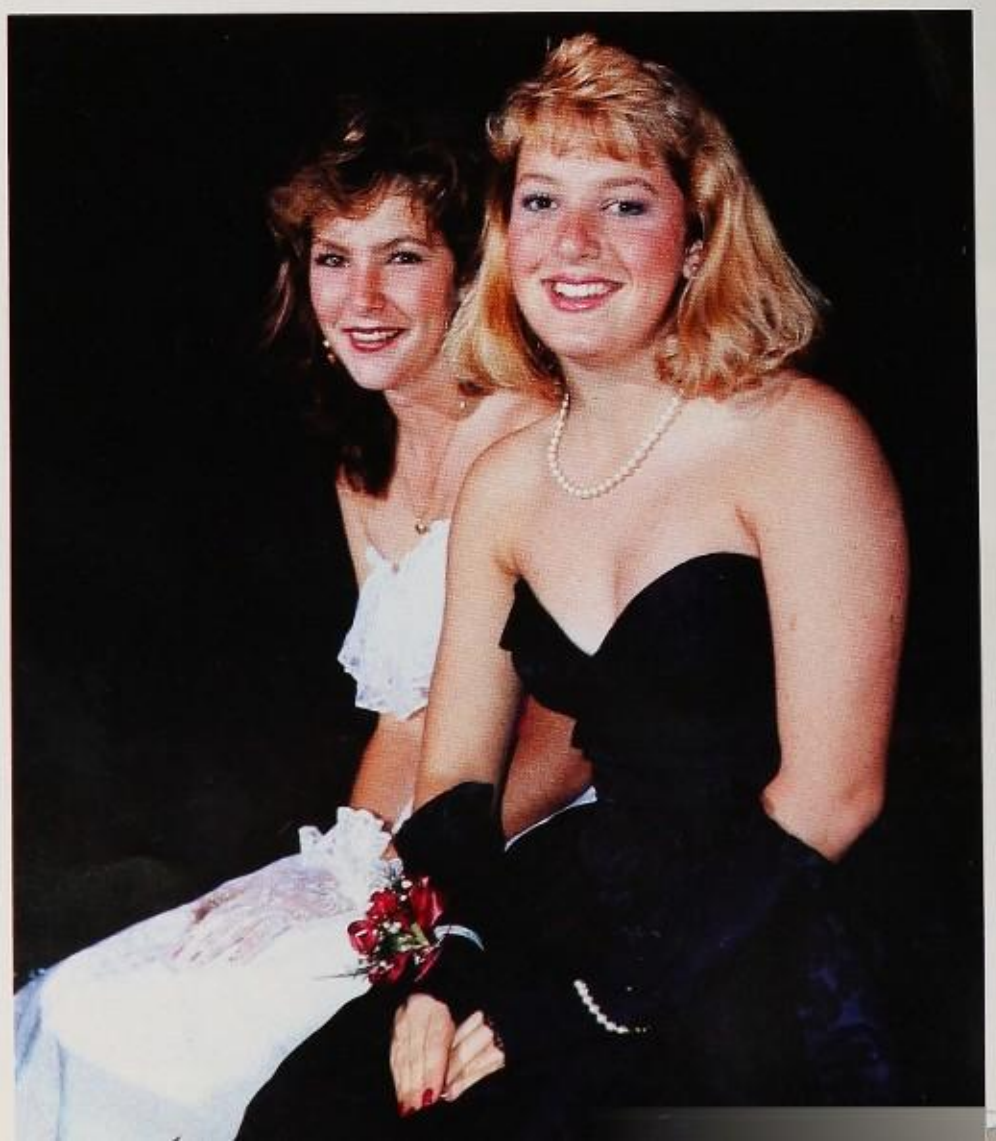

The varsity football team soon attracted the spectator's attention when their red and white uniforms specked the field. Once again, the Griffins conquered — the final score was 10 to 14. In all aspects, it was truly a "sunsational" night.

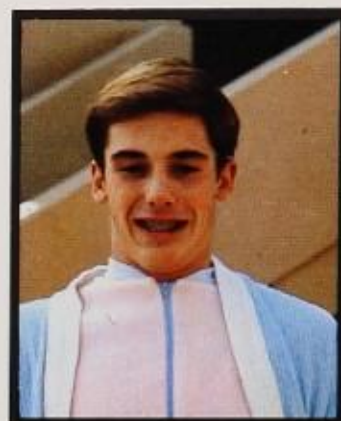

After being crowned Mr. Irresistible, **David Alvarez** gets escorted around the gym by a Playboy bunny.

The 1986-87 Homecoming king and queen, **Michelle McLinden** and **David Alvarez** express their gratitude to the crowd.

ON YOUR OWN

WEDDING

TIES THE KNOT

One of the most unique classes on our campus is the "**On Your Own**" elective. The focus of this class is the future lives of the students. They are assumed to be at the age of complete independence. They may choose to get married or to have a roommate. This whole process is to prepare the students for the "real life" which lies ahead.

The highlight of this one-semester class is the mock wedding. During this time, three couples exchange vows and have a special reception. The brides and grooms first semester were **Deanna Blythe** and **David Combs**, **Jennifer Swanson** and **Darren Scott**, and **Allison King** and **Tom Williamson**. A piano player, a singer, flowers, and many families and friends set the atmosphere at this traditional outdoor ceremony.

**Allison King** and **Tom Williamson** exchange wedding vows at the mock ceremony.

**Deanna Blythe** and **David Combs** celebrate their first day of marriage.

**Deron Scott** and **Jenifer Swanson** begin their new "life" together with a hug. Now it's time to buy a house and plan for children.

**Mock Wedding Party:** Scott Rinella, Eric Schwandt, David Combs, Franklin Quenga, Dale Lane, and Deron Scott.

YEARBOOK '87

L

OOKING

HOTTER THAN EVER

*"In 2007, I'll still be living in Los Alamitos coaching a football team."*

**JASON GARRIDO, FRESHMAN**

The 1987 Cottonwood theme was appropriately titled "Twenty Years Under the Sun" because of the two decades of memories this book has created. Throughout the existence of the "Cottonwood," Los Al students have shared laughter and joy that has found its way from the minds of staff to the pages of the yearbook.

Twenty Years Under the Sun . . . The word "Sun"

in this phrase has several meanings, one of which is obvious. Here in Southern California it is a rare occasion when the sun does not shine. When this happens, the faculty and students are here to carry out this thought. Bright minds, sunny personalities and people who were just purely full of energy, like the sun, helped make this birthday celebration a huge success.

Taking a break from the tedious work in yearbook, **Suzanne Hutton** laughs with her friends.

**Wendy Kjorness** and **Karen Klabouch** go for a dip at Seal Beach after a long school day.

**Cottonwood Photographers:** Derek Sparta, Steve Levy, Hap LeCompte, Bobby Earnst, Casey Fierce, Gary Dingillo.

**Junior and Sophomore Staff:** Suzanne Hutton, Jodi Hemphill, Karen Klabouch, Lori Halbig, Wendy Kjorness, Tracey Kist.

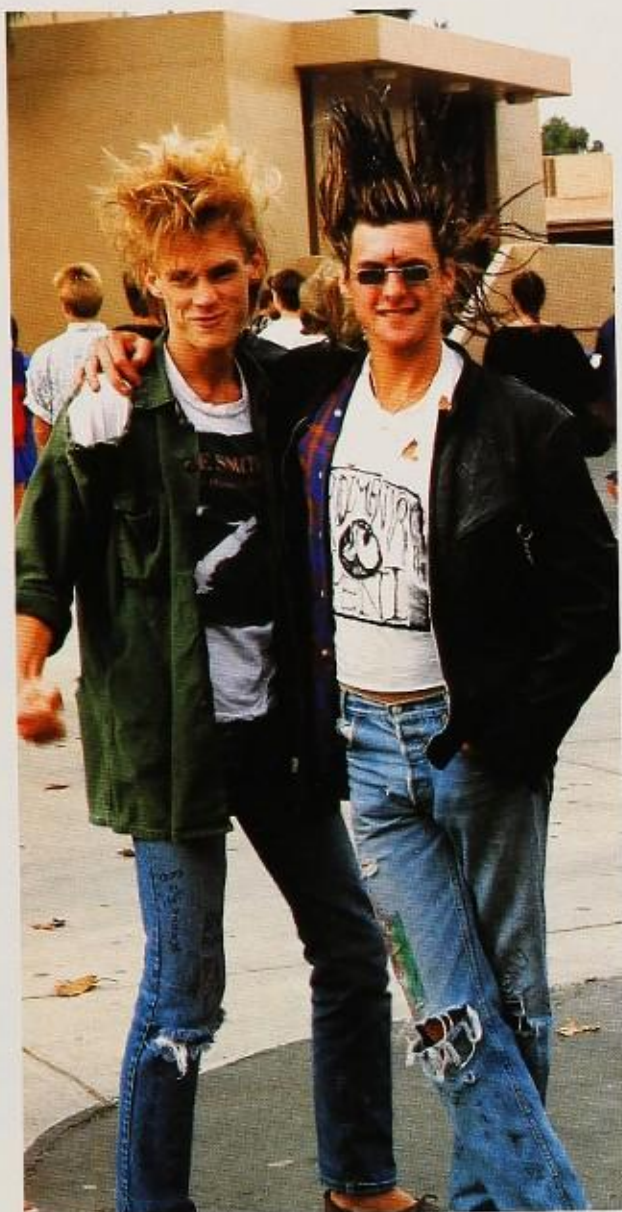

**Cottonwood Editors:** Maria Puente, Photo Editor; Julie Jones, Editor; Ann Marie Hagmann, Editor; Kelly Harris, Business Editor.

**Senior Staff:** **Front Row** — Ann Marie Hagmann, Julie Jones, Gary Dingillo, Lisa Hicks, Kirsten Shaw, Robert Brantner. **Second Row** — Dawnielle Congiardo, Derek Sparta, Tina Melton, Eva Kjoss, Kelly Agosta, Kelly Harris, Michele Overbeek, Maria Puente, Christine Van Kampen. **Third Row** — Carolyn Murphy, Hap LeCompte, Casey Fierce, Steve Levy, Laura Bowden, Bobby Earnst, Jeff Ferrario, Robin Lindley, Ann Faircloth.

Together, **Geoff Kerns** and **Julian Carroll** dare to show their own style. Two is better than one.

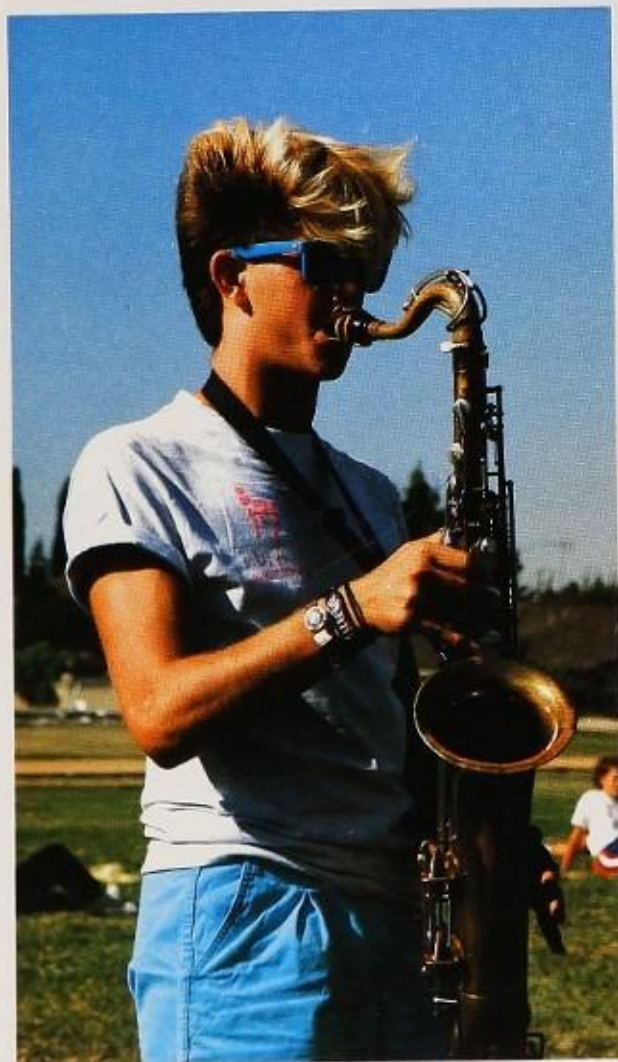

## DARE TO BE DIFFERENT

Los Al's campus has always and will always be filled with many different kinds of people. Each of us has our own style and taste in clothing, music, hairstyles, and even weekend activities. Neither one or the other is wrong. These differences often act as barriers between us which results in a division into "cliques." The different styles here at Los Al are what make us a unique and different place.

### "DARE TO BE DIFFERENT"

Whether your hair is blue or parted perfectly in the middle, whether you're a preppie or a punker, that is your choice. You have the right to be "different" maybe ever. "one-of-a-kind." Don't forget though, that you will only be here for four years and in that short time you owe it to yourself to experience, or just get to know one of these "unique" people. Each one of us is special and possesses an extraordinary talent. Let the world know who you are and **Dare To Be Different!!!**

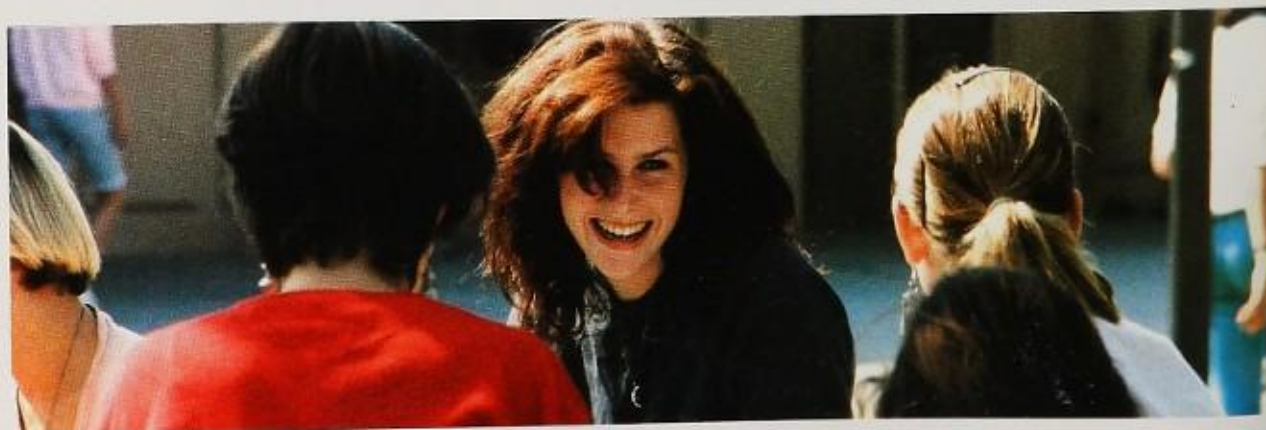

**Michele Schuman** represents the people who like to match perfectly from head to toe.

Getting involved at school is a fun way to pass time. **Erin Wheeler** takes time after school to practice the saxophone.

Along with different styles and personalities, comes a wide variety of after school activities. **Matt Donnelly** practices his favorite pastime, playing the guitar.

A time many students look forward to is lunch. Not only to eat, but to mingle and share juicy stories. **Jill Wendell** plans her upcoming weekend activities.

**L**earning is fun, but socializing is happiness and on our campus, smiles are to be seen and laughs are to be heard everywhere. Clubs and organizations often result in new friendships and are an additional way to learn lessons. Los Al offers something for everyone. Whether it be an academic club, a tee-shirt club, or a service club, the rewards in each are irreplaceable. Each organization was required to have a constitution, a reasonable purpose, and an advisor. Meetings were held often, at lunch or after school, in order to get organized, plan events, or just to have a good time. Getting involved was always exciting when done with friends.

# Clubs

# The Gang's All Here

This was the third year C.I.A. has been in operation here at Los Alamitos, the C.I.A. still remained a highly secretive organization. The club members are identified on campus by their trench coats, dark sunglasses and briefcases. As implied by their name, the C.I.A.'s activities are somewhat mysterious, but they are known to be fans of James Bond. C.I.A. also helped promote school spirit at football games and other activities here at Los Al. C.I.A. members hope that future C.I.A. members will carry on the tradition of club C.I.A.

From the deepest swamps of the Louisiana Bayou to the shores of Seal Beach, the art of true Cajun cuisine has spread. Baton Rouge attempted to bring a common knowledge of the jambalaya of southern recipes to the western shores. This was the first year that Baton Rouge Cooking has formed as one. For future cooking members, Baton Rouge hopes to carry on to produce top quality cookers. The purpose of the club was to experiment with new and unusual Cajun cooking recipes to test cast-iron stomachs. The club won a spirit stick at a home football game, and off campus, the club critiques various local Cajun restaurants.

Cajun Cooking member, **Julie Coontz** indulges in a piece of pizza.

# Clubs Have Fun Under the Sun

**T**his was the first year of Comb's Caravan here at Los Al. Comb's Caravan tried to set an example for future seniors and the other classes, that school spirit and pride is a vital part of school involvement and helps to make high school a more memorable experience. The purpose of Comb's Caravan was to promote school spirit by caravanning to all football games, basketball games, soccer games, and other such activities here at Los Al.

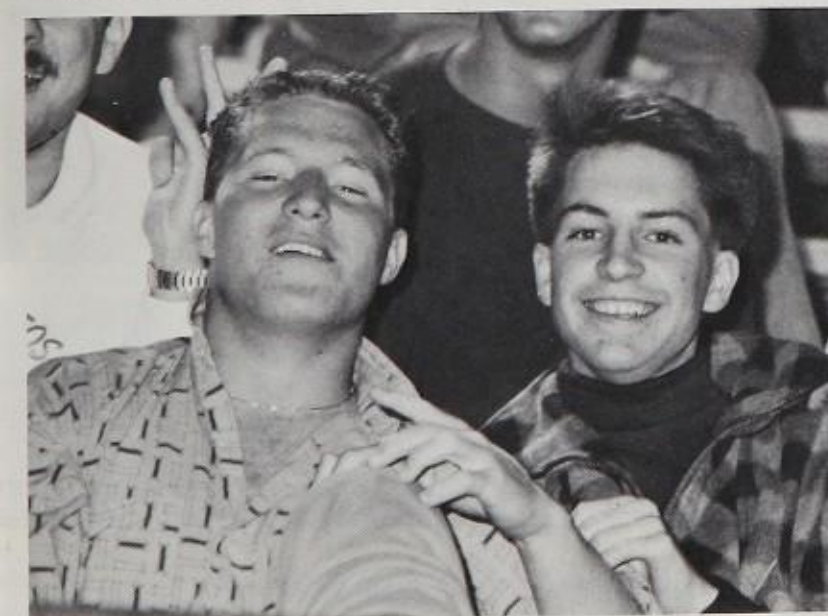

Club Med was a newly organized T-shirt club here at Los Al. They were active and energetic to promote school spirit on campus and also supported athletic teams and school activities. Club Med was a very different club; instead of having their club meetings indoors, Club Med was outside enjoying the sun and fun. You could catch them with sunglasses and zinc oxide on their noses!!

# Spirited Clubs Show Pride

**T**he answer to the question, "What is relaxation?" Members of the Koyaniskites club say, "gliding on a light wind, miles above the earth, attaining great heights." With their advisor **Mr. Parmer**, and officers **Joe Vaca** and **Treg Finney**, this club not only flies kites, but they show energetic school spirit.

"J.U.S.T. Juniors" is a spirit group on campus whose purpose is to offer juniors under scholastic tension an opportunity to release academic stress by getting together and acting dumb for a change of pace. They were involved in such activities as a Christmas Fajita Par-

ty, beach a-go-go party, and their first annual "road trip" to the snow. With advisor, **Patty Long** and officer **Erin Raccah**. This was a winning combination.

Senior **Todd Kenestin**, member of the Koyaniskites, rushes across campus so that he is not late for his club meeting.

**T**he Los Al 8700 Club is a spiritual t-shirt club, taken from the t.v. show the 700 Club. These members not only give enthusiasm at sporting events, but they give spiritual support too. It is essential to combine academic knowledge

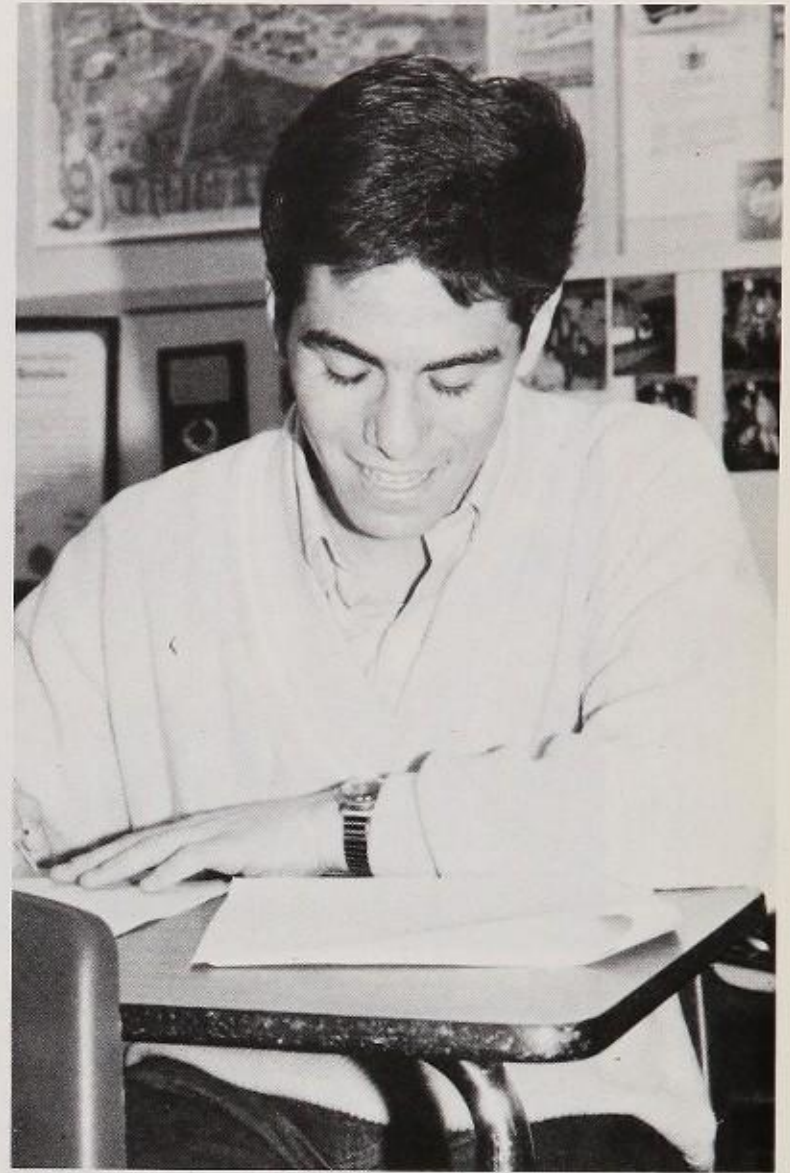

with religious beliefs, and this club does a great job of it.

The Los Al Cuties are a very unique spirit group on the campus at Los Alamitos High School. With only 16 members, this group is truly dynamic.

With officers **Tina Calderon**, **Jennie Shelley**, **Lisa Orvis**, and **Kym Guinn**, this organization was a great success. And advisor **Mr. Jim Cross** wants everyone to "Have a Hug."

# Decathlon Dedication

The members of the Academic Decathlon team received their assignments for the year back in June of 1986. They were required to read works of literature such as **Heart of Darkness**, **Hamlet** and about twelve poems. They studied the subjects of math, economics, science, social science, language, literature, and the fine arts. Aside from reading, they were assigned an essay to be written about one of the works they had studied in depth, and were also judged by an oral interview.

Along with 21 other schools, the Los Al team attended the Orange County competition in February, after placing first in the regional first cut. Such dedication to stay on top has led the Decathlon team to victory.

# Culture Shock

**F**redrick Librand of Sweden's suburb, Gothenburg, came to America as a foreign exchange student. Fredrik is staying with the Frazer family of Seal Beach. Thirty years ago, Fredrik's father came to America and stayed with an earlier generation of the same Frazer family. Hearing a lot of interesting stories from his father, Fredrik decided to explore America for himself. Compared to his hometown school, Los Al is much more spacious and spread out in every respect. Fredrik will return to Sweden in July, and hopes to return to attend college at Long Beach State. We will miss Fredrik, here in America. We send him many wishes when he travels back to Sweden.

**T**homas Allesoe was a senior here at Los Alamitos High School, also a foreign exchange student, from Odense Denmark. Thomas stayed with the Robinson family, of Rossmoor. For the people who did not get a chance to meet Thomas, while his stay in American, it was a great loss. Thomas was on our soccer team. Back in Denmark, his favorite team game was Team handball. American television caught Thomas' attention. Bill Cosby as "Himself" was Thomas' favorite show on cable. In July, Thomas will be leaving us to go back home. He has our best wishes.

**R**ene Stroet, journeys from Heiloo, a small village in the Netherlands. The Stoneburg family of Los Alamitos is hosting Rene's stay here in America. Rene found photography as his favorite class during his stay here. As for his favorite sport, Rene loves to play a good game of pool or relax playing basketball. Coming to a strange country was hard, but Rene kept an open mind about everything. America, to Rene, it was everything he expected it to be. When Rene ventures back to Netherlands, he hopes to stay in touch with his newly found friends and family.

**H**ans Petter Mortensholm, Petter to his friends, ventures from South of Norway. The Pain family of Los Alamitos was hosting Petters stay here in America. Petter finds history, and chemistry interesting. During his stay in America, Petter learned more about people and the culture that they live in. Petter joined the ski club, and went to Utah over winter break. The movie Petter found the most amusing was **European Vacation**, which starred Chevy Chase. We will miss Petter when he leaves in July.

**A**fter applying for two years to the Foreign exchange program, **Laura Astigarrga** was accepted. Laura journeys from Monte Vi Deo, Uruguay. The Althouse family was hosting Laura's stay here in America. Being here for a year, Laura has learned a lot about herself and the people around her. When Laura leaves America, she will miss her American family and newly found friends.

**R**ichard Skoglund comes to us from Sweden. The Robinson family was hosting Richard's stay here in America. Richard's favorite class here was photography. The foreign exchange program is called, "Youth for Understanding." Richard saw a sign at his school, and he thought it would be a great learning experience.

Here at Los Alamitos High School, he is very active. He was on our Tennis Team, and loved going to the movies with his newly found friends. Richard's favorite movie was **Pee Wee's Big Adventure**. In July, Richard will return to Sweden; he sends his wishes to his new family and friends.

## Los Al Students Host Foreign Exchange

**F**or these six foreign exchange students living in America was a wonderful, but scary experience. Throughout the school year, each of these students learned about American culture, how we live, and most of all, these courageous students learned about themselves. Living away from your family for a year was difficult, but each of these students made it adapting to a strange country, living the way Americans do. When the time comes for the students to travel back to their own countries, we all will miss them, and hope that all will return for a visit very soon.

For the six families who opened their door and hearts were quite generous for the students from a foreign country. To apply to the foreign exchange program is not very hard, it is the waiting to see if you are accepted. In the future, Los Alamitos High School hopes for many more families to host foreign students that will be coming to America to explore different cultures, and to understand how many different ways people live.

The many different programs enable students beginning in their freshmen year to try out or join these prestigious organizations. There is an award winning program at Los Al each year. It is set up so that people involved are exposed to not only the spirit aspect, but competitions as well. Along with competing comes winning. Here at Los Al our victorious reputation stands tall and proud.

## Pride Shines Through Colorguard

Through the past years, the Olympian Marching Band, Colorguard, and Omega Drill Team have competed together in many parade and field tournaments. Silverado Days, Mt. Carmel, Artesia and Los Altos are just a few of the competitions that have given them their notorious reputation. Headed by Mr. Hrbacek, advised by Erin Linsky and Trice Barto, each and every one of the Colorguard members worked hard to achieve perfection.

Victory did not always come easy for the Colorguard. They spent many long hours practicing every routine for their performances. Practices were every day from 2:00 until about 6:00 p.m.

The Colorguard began preparing for their season in early summer. This also helped the new members learn and get better acquainted with the team. They practiced from 7-9 a.m., four days a week. They also went to a camp in Santa Barbara for three days. Here, they learned many routines and techniques that proved helpful throughout the year.

The Colorguard also performed at all home football games and pep assemblies. So much of their time was spent in preparation for their performances. But, with the applause they received, and the awards they won, all of their hard work paid off.

**Front Row** — Kathy Wiest, Ella Turrentine, Kristi Garman. **Second Row** — Elaine Wiest, Eva Kjoss, Laura Bowden, Shannon Bruce, Kristen Tseko, Racquelle Sprague, Shana Binder, Ann Tarleton, Michelle DeMatteo. **Third Row** — Yasmine Tifrit, Julie Shikiya, Kellie Jordan, Erryn Ulrich, Tiffany Hall, Jessica Fortner, Kristie Vavak, Wendy Wu. **Fourth Row** — Marie Save, Mary Maxwell, Erinn Haskins, Jennifer Maurer, Jennifer Brooks, Jeanine Cowdell, Johanna Richard, Lara Nettelfield. **Fifth Row** — Linnette Donahue, Debbie Gunderson, JoDee Guenther, Tami Wilhelm, Linda Done, Andrea Cunningham, Andrea Sprague, Michelle Clines, and Gail Fridlund.

# The Olympians Glow

The 1986-87 Olympian Marching Band represented our school in a superior way as always. Under the direction of Mr. Tom Hrbacek, the advanced, intermediate and freshman bands led our school teams to victory throughout the year. The Olympian Band participated in concerts and parades. They appeared at Disneyland and performed for the pre-game show at the Angel's and Dodger's stadiums. The band was well represented this year by our energetic drum major, Virgil Nafarrete, and our talented majorette, Jennifer Batey. The Olympian Marching Band sacrificed many precious hours after school to achieve perfection. They proved this excellence throughout the school year.

# Jazz Band's Pride Shines Through

Mr. Chuck Wackerman introduces the 1986-87 jazz band as the best ever. Los Alamitos Jazz Bands One and Two are well known for their performances throughout the year. A special event that they performed in was a concert featuring Maynard Ferguson. Our jazz band helped to bring the basketball team to success throughout the year. They also played in the Miss Drill Team pageant at the L.A. Sports Arena. The jazz bands have consistently placed first

and second in all jazz festivals. The 1986-87 jazz bands proved their greatness once again this year. Many hours of practice were needed to perfect each performance. Dedication and talent were also needed to attain such excellence. This year's jazz bands truly equalled those of the past years.

# Los Al Choir Shines With a Whole New Light

Once again the Vocal Music Department, headed by **Mr. Ralph Opacic**, has shown that even superiority can be improved upon! # Drama Club Causes a Stir

One of the most energetic groups on campus is the Drama Club. Brought together by enthusiasm for the performing arts, Los Alamitos' Drama Club worked together to support the drama productions on campus. They raised money for field trips

by selling various candies, and helped with ticket sales to promote and publicize upcoming drama productions. They also ushered at productions. The two major productions of the year were "The Sound of Music"

and "Arsenic and Old Lace." More than any other previous year, the Drama Club officers worked countless hours in order to insure that the goal of supporting theatre on campus was met.

# The Sound of Music

One of Los Alamitos' major productions this year was "The Sound of Music." Through the students' hard work and devotion, it was a major success.

Under the direction of **Mrs. Judy Trujillo**, young actors and actresses strove for excellence. **Ralph Opacic's** musical direction, **Kent Hayworth's** sets, and the choreography of **Rey Lozano**, all ad-

ded up to an unforgettable evening which left the audience humming as they left the theatre.

The story of Maria Reiner is a true one. She actually married Captain Von Trapp and managed to escape the persecution of the invading German troops by walking across the Austrian Alps with the captain and the seven Von Trapp children.

The mother Abbess (**Laura Meals**) presiding, joins Maria Reiner (**Julie Seaborn**) and Captain Von Trapp (**Aaron Paholski**) in holy matrimony.

Elsa Schraeder, played by **Nancy Sands**, looks to the Von Trapp family and is astounded by the beauty of their music.

The marriage of Captain Von Trapp and Maria Reiner takes place as the nuns from Nonnberg Abbey sing "**Climb Every Mountain.**" The audience was please to be a part of the ceremony. The joy of marriage brought tears to the eyes of members of the audience.

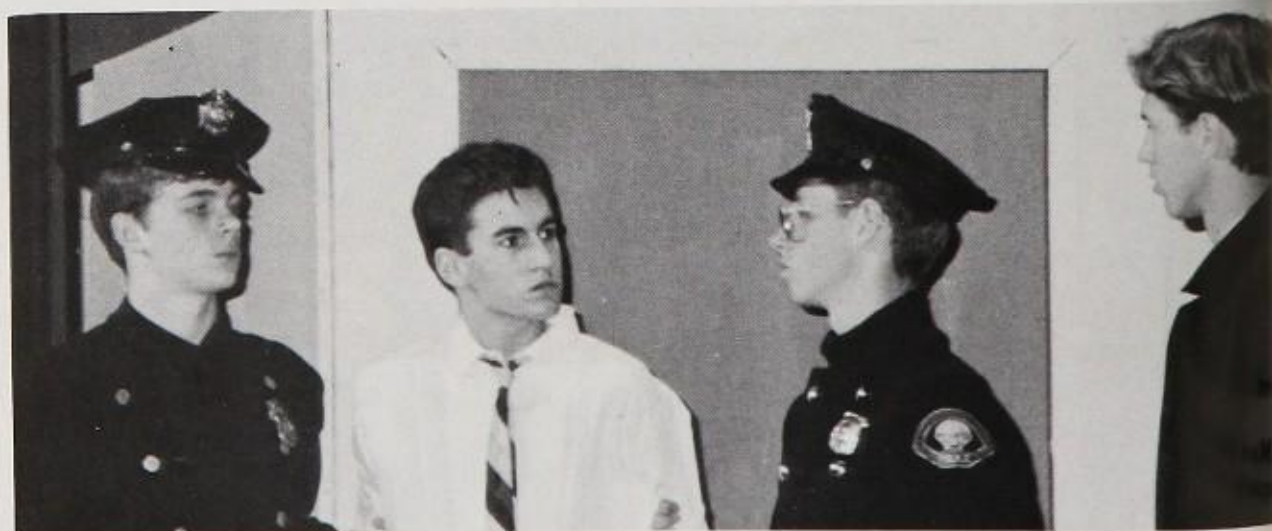

The Von Trapp children and Maria excitedly learn the basics of music by singing "Do Re Mi." They were overjoyed by the fact that they were singing again.

**Upper Left** — Ken Gompert, as Teddy Brewster, and Laura Meals, as Abby Brewster, fear that their conversation about the disposal of the yellow fever victim has been overheard.

## Arsenic and Old Lace

Officer O'Hara (**Darin Anthony**) speaks about becoming a playwright since he is only a police officer on the side.

Dr. Einstein (**Ed Allen**) tries to calm the outraged Jonathan who is upset at the fact that his family doesn't recognize him.

**Mark Salamon**, as Lieutenant Rooney, surveys the situation and prepares to question Jonathan about his nightly activities.

Jonathan ties up and gags Mortimer in preparation to kill him for his meddlesome mischief.

**T**he heat turned on as Los Al's athletic teams got fired up for a victorious season. The many sports offered on our campus gave everybody the opportunity to shine, whether it be on a court, a field, or in the gymnasium. When the tough got going, Los Al stood tall and competed with the Griffin pride in mind.

Under the direction of **Coach Dorette** and **Coach Bohannon**, the athletic department benefited not only in their excellence, but in their organization as well. Los Al's reputation in the Empire League shined bright this year as many teams made it to CIF. The energy never simmers down because the memories always cause a stir when it comes to sports.

# Sports

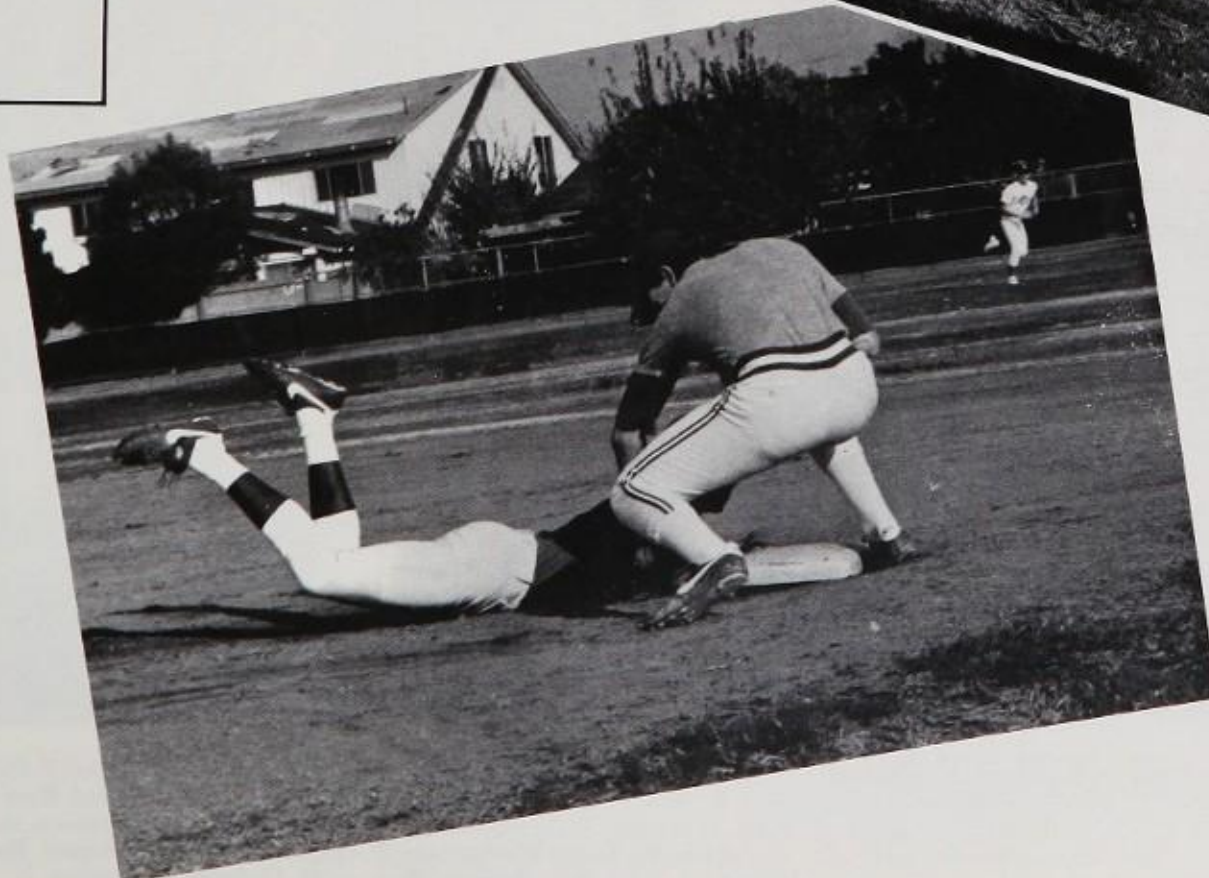

Sports has always been an important part of Los Al's system, and a key ingredient in making Los Al as well known as it is. The fans are a very essential addition to the sports program. No matter what the game, individual or team, it is certain cheers will be heard! Each and every student seems to be involved, in some way, with sports at Los Al. Whether it be a person who keeps statistics, a player, or a face in the crowd, we feel it necessary to be involved with such a great system. Sports are a fantastic way to relieve stress and tension. On, as

well as off the field, players uphold their sportsman-like conduct. Hard work, fair play, and a love for involvement have always been a part of Los Al's Sports. The coaching staff are to be saluted for a job well done, and for upholding a respectable reputation. In the future seasons, we hope for continual strength in our players and coaches, and naturally, fans. We're proud of our athletes here at Los Al, and look forward to many more years of successful play.

# More Sticks and Great Hits in Eighty Six

The 1986-1987 Varsity football team had what it takes to be the best, and proved to be a complete unit on, as well as off the field. Their pride never fell even after a downfall. The Griffins made C.I.F. play-offs and are to be congratulated for this achievement. Each player put fourth a tremendous effort, every game. The supportive fans stuck with them until the end, a hard fought battle against Foothill. This exciting season will never be forgotten.

# Underclassmen Prepare for Varsity

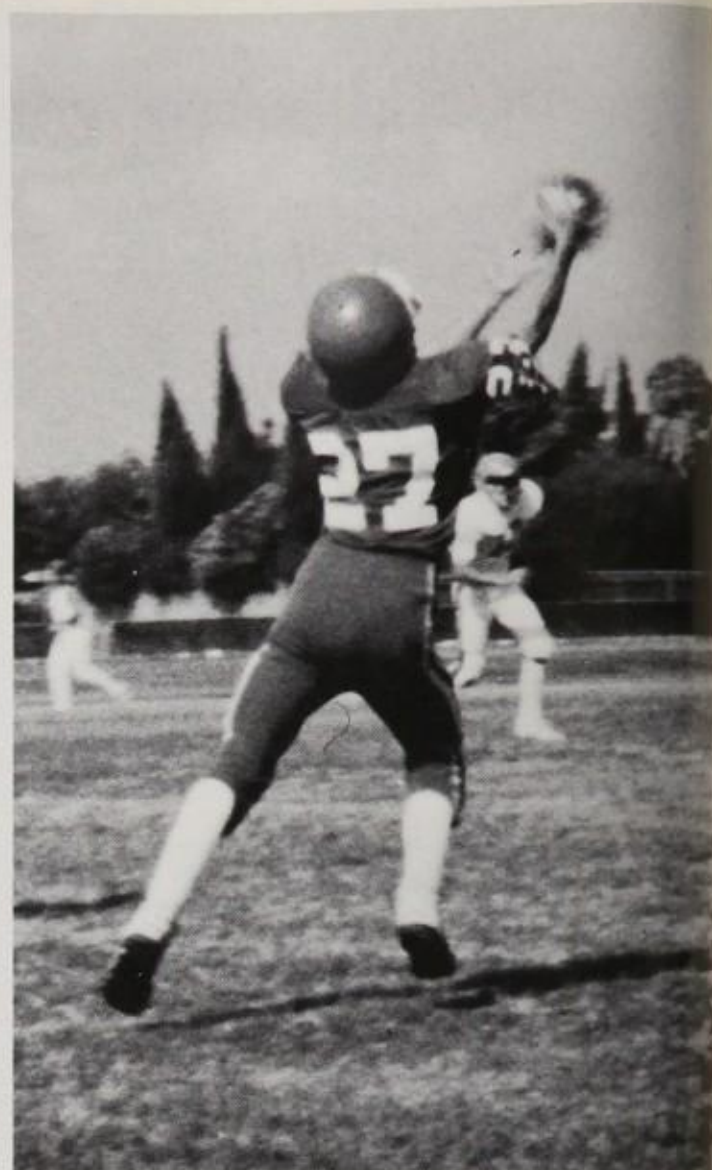

The purpose of freshmen and sophomore football is to train and prepare the players for varsity play. The freshmen, new to football, learn the basics of the Los Al system. From this foundation, we build each year until our players show their championship quality as varsity players. The 1986 sophomore Griffins finished with a 7-2-1 record, good for second place in the Empire League. This was quite a turn around from their 1-9

gridiron campaign as freshman. Led by a stingy defense that recorded 3 shutouts and a well balanced offense, the sophomore Griffins recorded the first ever lower level football victory over Esperanza, and putting a score into eventual league champs El Dorado, by rallying from an 0-21 second period score to 20-21 before faltering. The Griffins ended up with a hard fought 18-15 decision of a tough Katella squad.

Freshman quarterback, **Mike Wilson**, calls the play while his offensive line prepares to block for him.

**Curtis Graham** leaps to catch the ball thrown to him.

**Freshmen Team: Top, Left to Right** — Greg Sorensen, Russ Hennessy, Tom Rutherford, Jason Garrido, Paul Underwood, Victor Martinez, Kit McCalla, Michael Wilson, Joe Engelhaupt. **Second from Top** — Edward Connery, Eric Tole, Jeff Hertzog, Garret Van Cleve, Jason Marengo, Carlos Jorge, Sean Hooker, George Syrengeles, John Schwabl. **Middle** — Byron Whitten, Kevin Reig, Randy Gray, Coach Everett, Coach Prochnow, Head Coach Mike Pazeian, Coach Ingram, Todd Razor, Matt Copeland, Matt Bell. **Second** — Jim Engelhaupt, Doug Kieck, Danny Nguyen, Mike Choy, Shawn Fallen, Nick Murphy, Alex Dei, Chad Millan. **Bottom** — Justin Whatley, Curtis Graham, Brandon Cash, Christine Jones, Zach Hagadorn, Jeff Huberman, A. # Water Polo is Boiling

Our hard working water polo players strove for excellence this year, achieving for our school a high standing position in the Empire League. Their continuing effort to become better with each new day had helped them earn respect. Encouragement and support are top priorities in each team member. Spending many hours every week with their team members, there became a family-like bond between them.

Each dedicated team member started his day with weight lifting at six o'clock a.m. for one hour and a half, and continued after school in the pool from two o'clock until four-thirty p.m. Daily practice included learning new plays, swimming laps, and becoming very tired, forcing each player to achieve tip top physical condition in order to perform well.

Among many of the rewards for hard work comes self-respect and pride, which our mighty Griffin water polo players have accomplished.

Junior **Kevin McIntyre** gets ready to make a goal as he shoots from the four meter position.

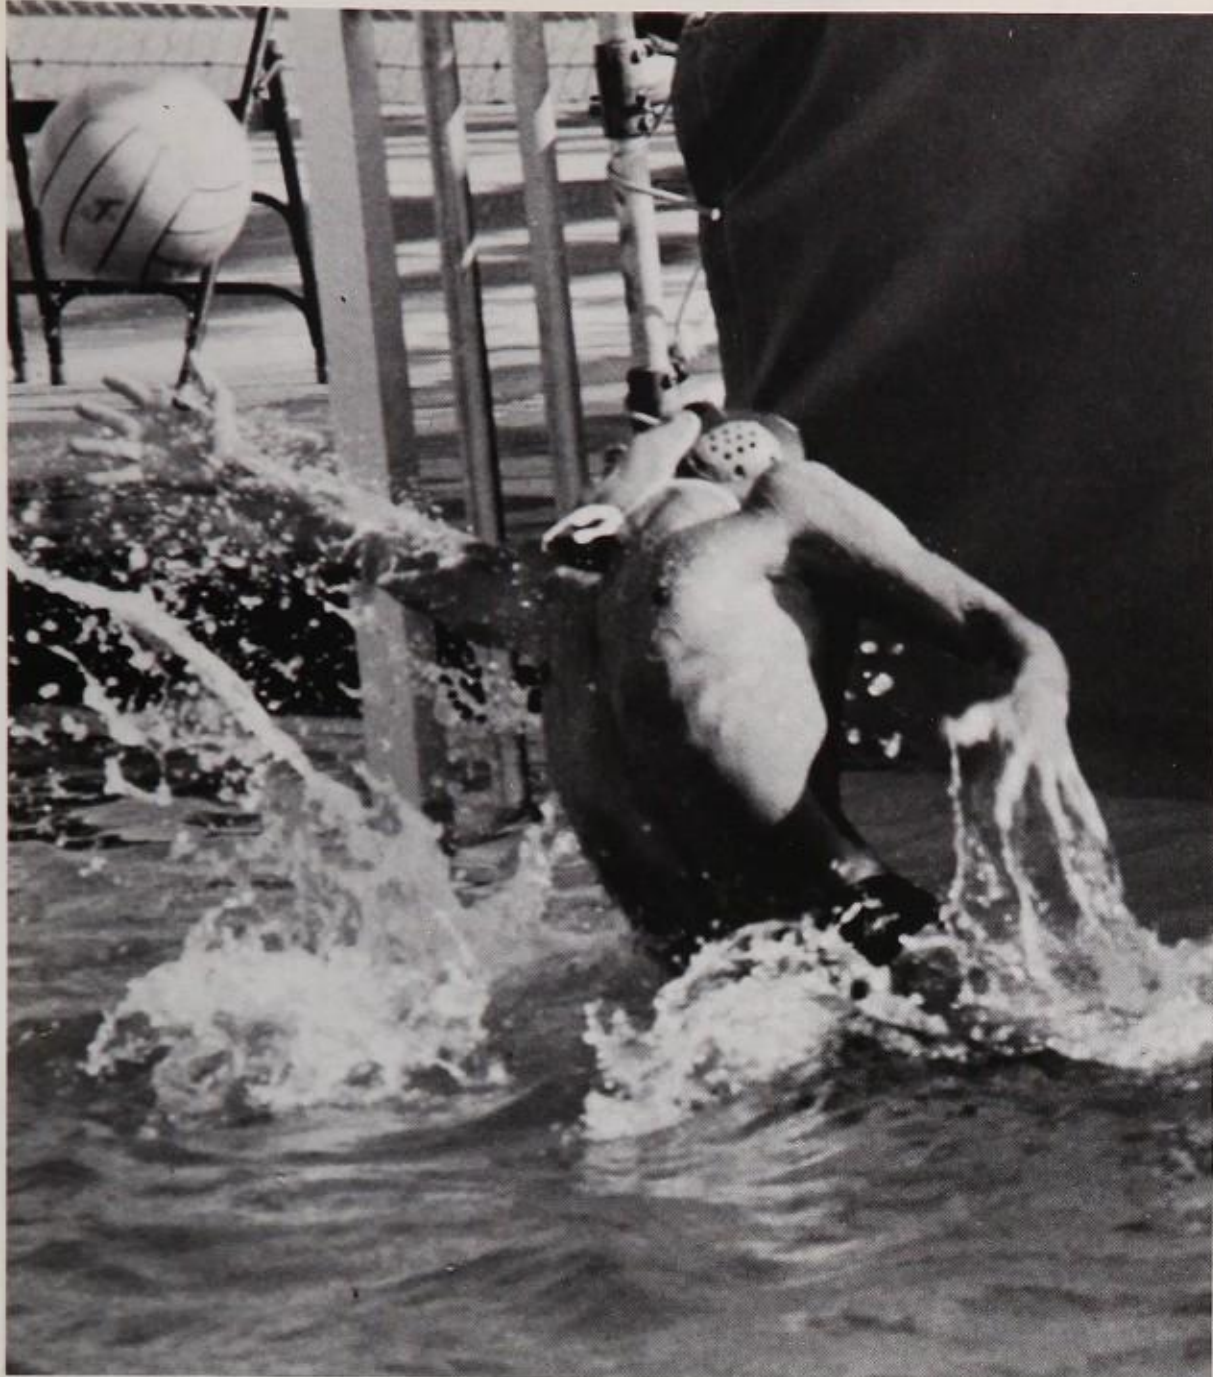

Goalie, **Craig Agosta** blocks a ball at top speed, thrown by a Pacifica Mariner.

## JV/Frosh-Soph Excel

The Los Alamitos Frosh-Soph and JV Wrestlers had a very successful season. These dedicated boys put forth much effort to try and better themselves for next year. The JV and Frosh-Soph teams helped

the boys get better acquainted with the sport of Wrestling. They all worked hard and had a terrific season. These Griffin Grapplers made it to the League Finals and CIF!

# Pin to Win!

This year's Wrestling team, commonly referred to as the "Griffin Grapplers," never gave up. This fine team was one of the best that Los Al has ever had. Under the excellent coaching of **Jim Sweiter**, and alumni **Kurt Rippelmeyer**, these wrestlers soared to new heights. Captains **Lenny Fontanez** and **Glen Barret** led the Griffins into many outstanding victories. **Mike Rogers** was a new addition to the team, as he wrestled in the heavy weight class, while returning letterman **Willy Hawthorne** remained in the lightest class.

The sport of Wrestling requires much determination and hard work, and these dedicated individuals demonstrated what fine athletes we have here at Los Al. Congratulations on a successful season!

**Debbie Fleming** coached the Girls' Varsity Tennis team to first place in league competition with a record of thirteen and one. Los Al's only loss in league competition was to Cypress in the first round. Then in the second round, Los Al beat Cypress and clinched the Empire League championship. This year's Girls' Tennis team dominated Empire League. There were only four seniors on this year's team; They were **Kelli Moore, Laura Junkerman, Kathy**

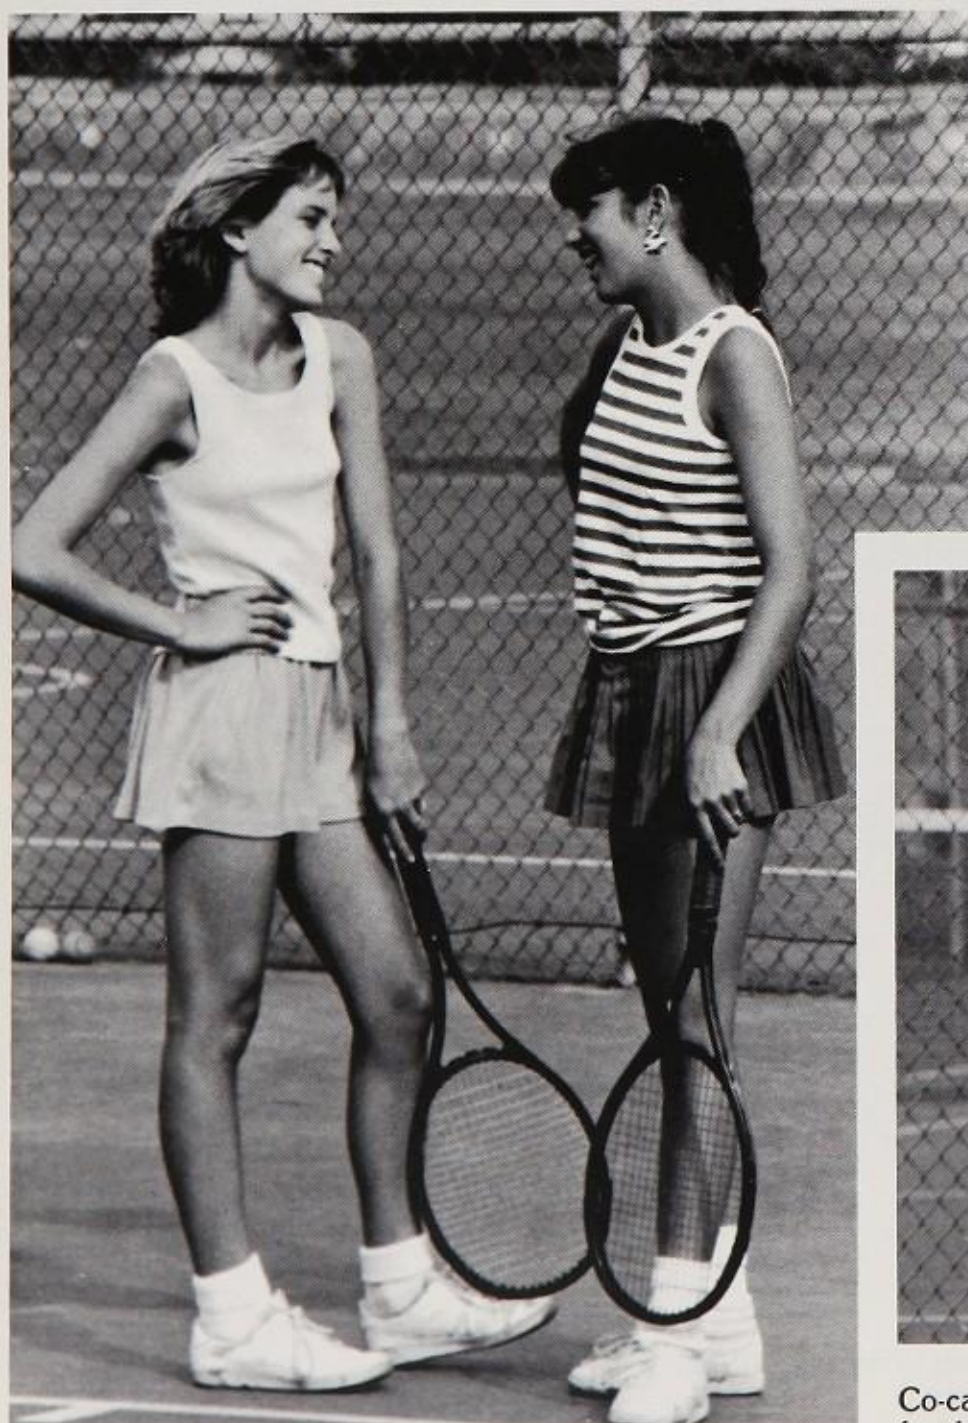

**MacKay,** and **Ellen Wilkerson.** This year's key players were Kelli and Laura. Kelli was the star of the team with her record of 42 wins and no losses. Last year Kelli won the **Dr. Pepper Award**; this was the first

time in Los Al's history, and she once again achieved that honor this year. Both Kelli and Laura received MVP for the team and Kelli also received it for League. Junior **Farren Last** was awarded the coaches' award.

Junior Varsity member **Michelle Lefort** laughs about the excellent return shot she made.

**T**his year's varsity swim team had great potential for a winning season. With the help of **Coach Plossel**, they had an excellent season. Their practices were held in the morning and afterschool. During their practices, some of the swimmers were required to swim between 5,000 and 8,000 yards a day. All during the season Los Alamitos was fighting for an Empire League championship. The captains of the team were **Lance Sheiner** and **Jimmy Oberacker**. Each member of swim team worked very hard during the season. It all paid off with victory.

They were Empire League champions in 1984, 1985, 1986 and when asked about winning in 1987 **Coach Fleming** said "Of course!" The 1987 Varsity Baseball team was an energetic group of young men who were dedicated to one thing — playing baseball, and playing it well. The team as a whole never allowed anything to get in the way of their outstanding performance. As the season progressed, this enthusiasm never ceased, rather it increased. They continued to improve with every game, causing frustration for the other Empire League teams. Part of their success was the direct result of concentrated and intense practices.

## “J.V. Jams”

This year's J.V. softball team was a great success. With a combination of talented coaches and skillful players, the team was led to victory numerous times throughout the year. With tournaments spread across Southern California, this year's team was faced with stiff competition. Being active with sports gives each girl a chance to grow on a competitive sense. Along with making new friends and having a great time, these girls pull together to achieve victory every time.

Among the many sports played throughout Southern California, tennis seems to stand out as one of the main competitive and challenging games. It is a game that takes hard work and dedication to become good at, and those that do excell, get to experience the thrill of competing. Our Griffen team has earned the reputation they deserve, defeating team by team, and staying number one. The team players practice extensively, improving on serving, spin, power, and volleys. It's a sport that takes coordination and concentration. Each team member contributes to the team's overall standings in the league. The players practice diligently and enjoy playing while trying hard, making Los Al the best.

Senior, **Gary Cunneen** warms up with his teammate just before his next tennis game. Despite all the vigorous activity in tennis matches, Gary keeps lookin' good.

**Wing Chen** knows in order to get the most out of his forehand he must concentrate and work hard during practice.

Swedish foreign exchange student, **Richard Skoglund** came over to the U.S. and has consistently been an asset to Los Al's team.

**Jason Binder** and **David Candiotty** get ready to return the hit for the winning point. Both Jason and David look forward to playing on the varsity team next year, hoping to go all the way to C.I.F. Finals.

**S**ince our school began in 1967, many important changes have taken place over the last twenty years. The biggest change that has taken place is the location of Los Alamitos High School. The high school was originally over at the Pine campus and functioned there for one year. During this time, only sophomores were present and then after moving to the new campus at Los Alamitos Blvd. and Cerritos Ave. there were incoming new sophomores and the old sophomores became juniors, and so on until the following year there were three full classes. Los Al was built on forty-eight acres of land, and holds 2,200 students. The school was originally built for flexible scheduling, therefore, the rooms were large and had movable partitions between them. Los Alamitos High School has taken twenty years and very large steps to improve itself, and now we are shining brighter than ever.

# Special Section

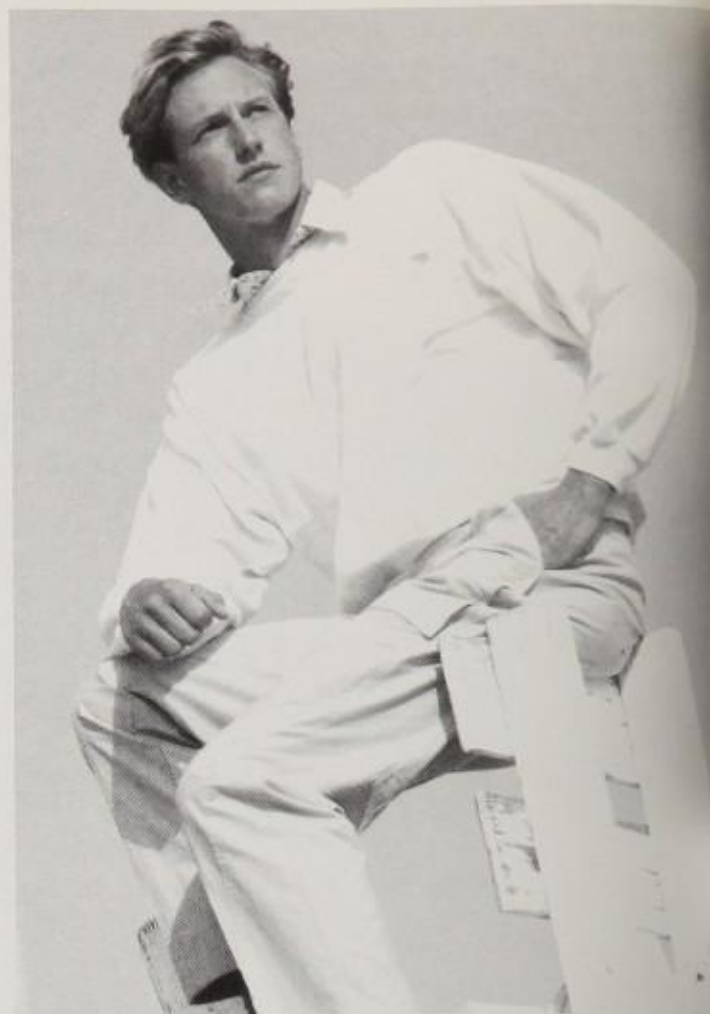

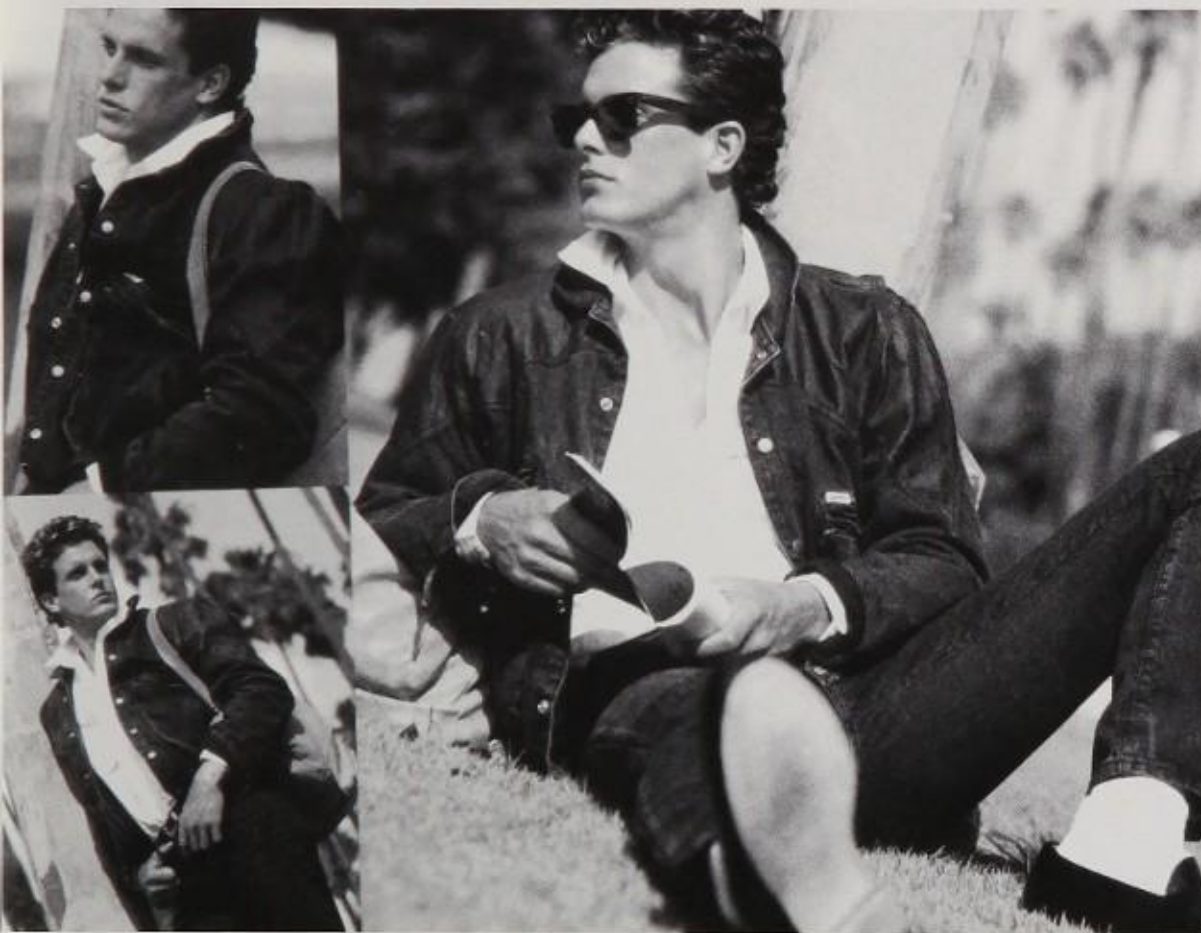

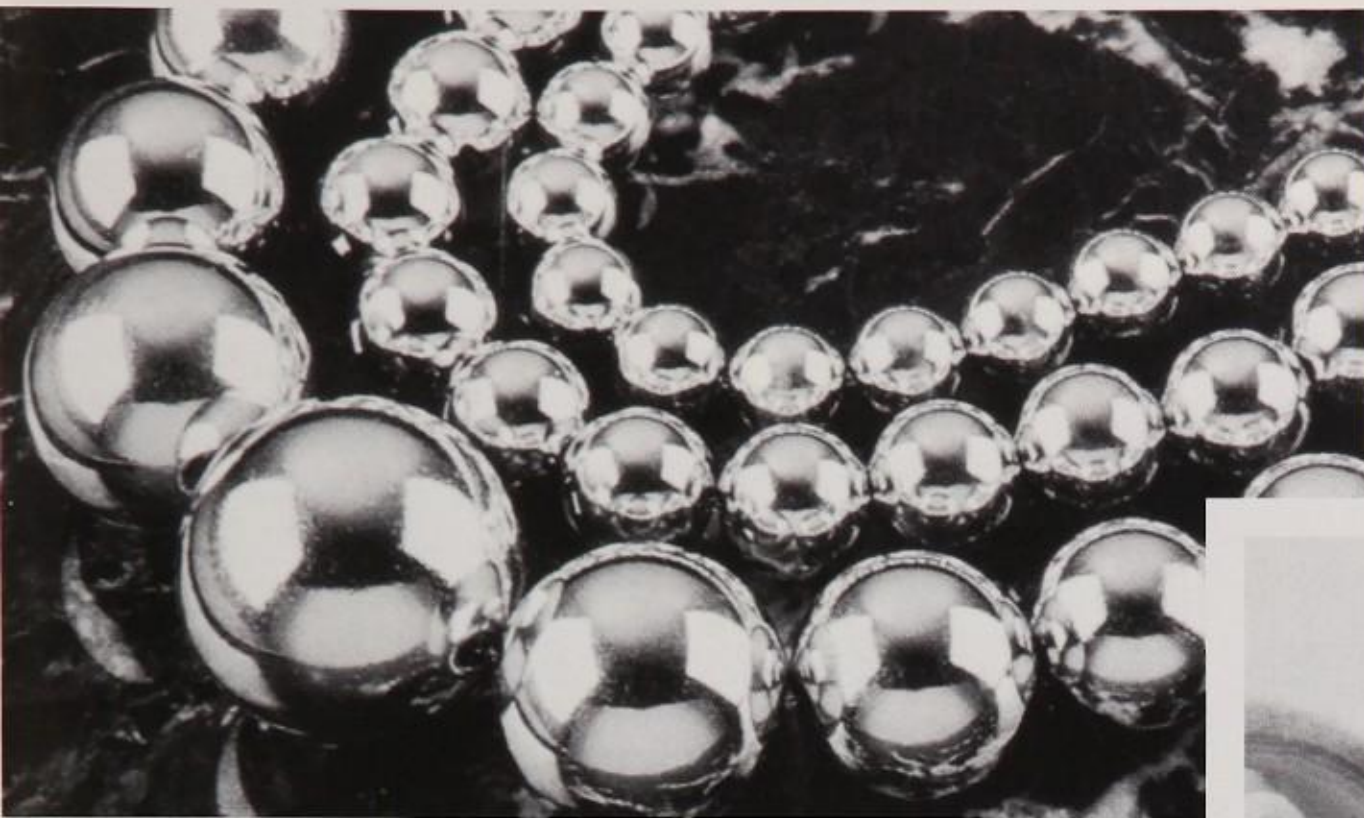

# Too Hot To Handle

A blast of unprecedented trends covered campus in a spirit of enthusiasm. One of the more contagious fads that walked through the halls of Los Al were boots. They were being worn from ankles to knees; the cowboy look to the traditional look. The fashionable clothing line of **Guess** and **Esprit** capitalized on the trendy dress of jean jackets and skirts, stirrup pants, and oversized shirts and sweaters. The bigger the better seemed to be this year's motto for jewelry. Big and bright silver earrings, chains, and bracelets were seen from across the campus.

Because there are all kinds of people, each with a different point of view, we at Los Al believe in showing off a diversity of styles. Fashions that reflect a range of activities from athletes to trendies.

# Today's Hottest . . .

---

As the sun sets ending the day, so do the old hair styles of yesterday. As the sun rises we see the new styles of today. The biggest trend to the hair world was colored mousse. It could be **Depped** or **Dippity-Doed**. There was no true style for the men and women, there just seemed to be a motto that the wilder it was the better.

Once again popular, the **Monkees** are resurging in television with weekend reruns.

**Bruce Willis** and **Cybill Shepherd** star as David Attenborough and Maddie Hayes in *Moonlighting*.

**Cosby** plays his role as head of the Huxtable family in the comedy **The Cosby Show**.

From Sesame Street to Alf, **Jim Henson** has captured the hearts of children across the nation.

## TV News & Views

Watching television has been one of America's favorite pastimes for over 30 years. All forms of shows — comedy, drama, variety, news or documentary — are viewed by millions everyday. Of all these types of television shows comedy comes out on top as the favorite among teenagers. Not only is it the most popular form today, but twenty years ago as well.

Two decades ago, the birth of a new group was born. In the summer of 1965, an ad was placed in "Variety" magazine for "four insane boys aged 17 to 21" to clown around and sing in front of a camera. Auditions were held and, out of 437 guys, **Mike Nesmith, Micky Dolenz, Davy Jones** and **Peter Tork** were chosen to become the **Monkees**.

The Monkees claimed in their theme song that they were "too busy singing to put anybody down." And

despite the bad criticism they received, the four Beatle-like singers/actors were surprisingly popular with American teenagers. This appeal helped them win an Emmy as "the outstanding comedy series" in their first season (1966-1967) and propelled six of their singles to the top 10 and led to the sale of millions of their albums. Today, they have made a come-back by having their show aired on weekend afternoons. They even held a final concert in the summer of 1986.

Thursday night seems to be the most popular night to watch television. NBC has had, for the past three years, two straight hours of the most widely watched situation comedies on the air. **The Cosby show, Family Ties, Cheers** and **Night Court** are viewed around the country almost every week. Continuing its third year on the air is NBC's comedy hit **The Cosby Show**. Most of the scenes take place in the living room of the Huxtable home. The writers have kept the show alive and in the top ten every week since its debut by taking true-to-life situations and putting a comical flair in them.

Another NBC sitcom appearing later on Thursday nights is **Cheers**, a comedy series about the employees and regular customers of a bar in Boston. The story line centers on Sam Malone (**Ted Danson**) and Diane Chambers (**Shelly Long**) in a constant conflict of each one denying their mutual attraction.

Perhaps the favorite among teens is the ABC romantic comedy **Moonlighting**. Lately, it has been coming in better than halfway up the ratings. This popular show airs every Tuesday night and stars **Bruce Willis** and **Cybill Shepherd** as two private detectives that exchange witty lines written by some of the best writers around.

The old and new television shows are still around and hopefully will be for decades to come. But in the meantime, viewers can enjoy constant entertainment provided by the local television media.

# Entertainment Sizzles in 86-87

Movies and music, being two of the most popular forms of entertainment among teenagers, once again made history in the 1986-87. Theaters attracted millions of movie goers to view many memorable motion pictures and the radio was a major part of a teen's life as well.

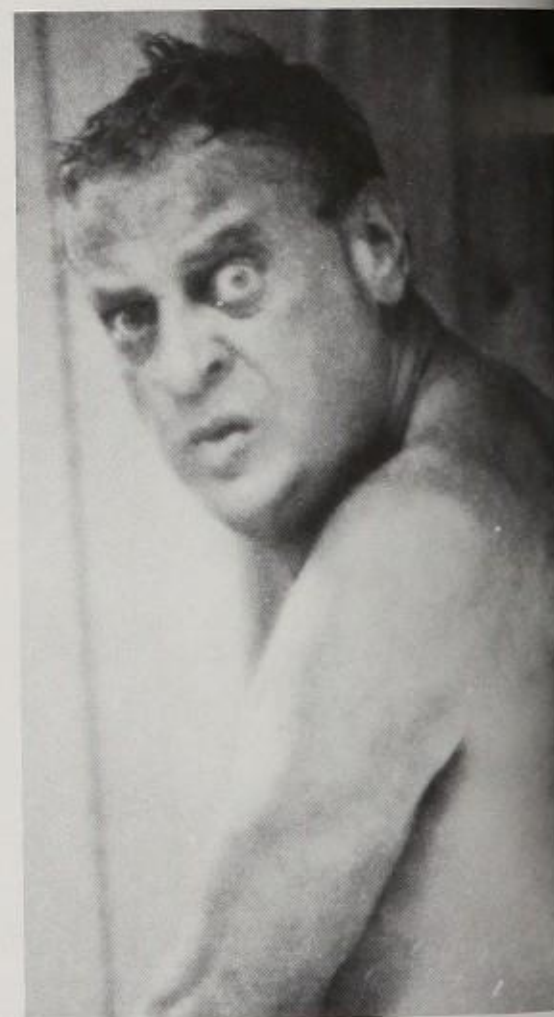

**Max Headroom**, a computer-animated personality, swept the nation in 1986 by appearing on Coca-Cola commercials as a loquacious character consisting of a head and shoulders in a television set. He also

became a new addition to the musical group **Art of Noise** and cut the single "Paranoimia." Another single that hit the charts was the well-known Beatle's single **Twist and Shout**, which was sung by **Matthew Broderick** in the summer box office smash **Ferris Bueller's Day Off**.

Also coming back into the entertainment business, namely the movie industry, are **Danny DeVito** from the 1970's TV sitcom "Taxi," and comedian **Rodney Dangerfield** who appeared in the 1981 movie **Caddyshack**. Both have recently attracted millions of teenagers to the theaters by appearing in two of the summer's most popular motion pictures, **Ruthless People**, and **Back to School**. When the television series **Star Trek** first began in the late 1960's, **William Shatner** and **Leonard Nimoy** knew little about their future popularity and later starred in not only **Star Trek The Movie**, but three successful sequels as well, the fourth released in the beginning of December, 1986.

The rapidly expanding industry of the video cassette has led to the purchase of multiple video cassette recorders (VCR). Numerous video rental stores opened in Southern California with growing demand. **MTV**, a cable station showing nothing but music videos and concerts, is still going strong after being on the air for over a half a decade. Ironically enough, many musicians have returned to using black and white film to give their video a classic look.

Entertainment has been changing constantly since day one. Whether it is computer animation or black and white music videos, people are drawn to these performances of technology and art.

Danny DeVito and Rodney Dangerfield star in the movies *Ruthless People* and *Back to School*.

The box-office smash *Star Trek IV* made \$28 million its 1st week in the theaters.

# We're Hotter Than Ever!!

Since our school began in 1967, many important events have happened and many changes in school rules, policies, architecture, etc. have taken place. For example, our school was not built with a pool. Our pool was furnished by Rossmor and Los Alamitos homeowners paying a one time tax of twenty-five cents per one-hundred dollars of property owned. We also lacked a cafeteria. Our only source of food was vending machines. This was a big deal to students then, and was a top subject of discussion.

Students were not allowed to go off campus for lunch either, something we tend to take for granted.

The dress code was also a very popular subject. The students had differing opinions on whether girls should be able to wear mini skirts and whether boys should be allowed to wear their hair long or should keep it short.

These are just a few examples of improvement in the last twenty years and just a peek at our schools continuing effort to strive for excellence.

FACT: In 1967 a single ounce of gold was a mere thirty-five dollars. Compare that to a whopping three hundred and nineteen dollars an ounce today! One ounce of silver was only one dollar and fifty-five cents twenty years ago. Now it would cost you around six dollars and twelve cents per ounce. Finally, cooper just thirty-eight cents an ounce in 1967 is now sixty-two cents.

FACT: The President of the United States of America in 1967 was Democrat Lyndon B. Johnson. Vice President at that time was Hubert H. Humphrey. Secretary of State was Dean Rusk. Secretary of Treasury was Henry F. Fowler and Attorney General was Ramsey Clark.

# Once in a Lifetime

This was the year of many anniversaries. Many of us have been fortunate enough to join in the making of history during these "once-in-a-lifetime" events. Over the twenty years that Los Alamitos High School has been in existence, many things have happened. The Griffen's Pride has continued to shine throughout all of these special events.

It's Los Alamitos' anniversary. For twenty years, many students have come, learned, and left with the confidence to accomplish their goals and dreams in life. Even today, Los Alamitos is still turning out top quality students.

On Wednesday, July 23, 1986 Sarah Margart Ferguson was wed to Andrew Albert Christian Edward. They were married at Westminster Abby, where royalty has been crowned, married, and buried for centuries. Over 500 million people around the world heard, saw, and watch on T.V., Fergie say "I will." This was their day of joy and happiness for the royal family.

Disneyland too, have outdone themselves, as they celebrate their 30th birthday. For over thirty years the famous amusement park has brought us many hours of laughter and fun.

Recently, Disneyland funded millions of dollars into Michael Jackson's new 17-minute video, "Captain EO." The weekend of September 19th and 20th was the biggest premiere party that Disneyland ever hosted. During the two-day Premeire, they never closed their gates, and for the first who arrived to see this 17-minute video, the experience was one that they would never forget for a very long time.

For baseball fans this season has been one which they shall never forget. Our own Angels did not quit until they made it to the league championships. The final game of the world series boiled down to the Mets and

the Red Sox. Near the end of the game the Red Sox appeared to be sure winners, when all at once the Mets came from behind to take the game from the Red Sox, giving baseball fans across America an experience which will not be forgotten.

Lady Liberty also celebrated her 100th birthday. The Lady has brought joy and happiness to immigrants seeking a better life. The torch she carries represents pride for America's people and friendship. Many hours and weeks were put into celebrating her birthday on July 4, 1986. A spectacular fireworks display took the nation by surprise.

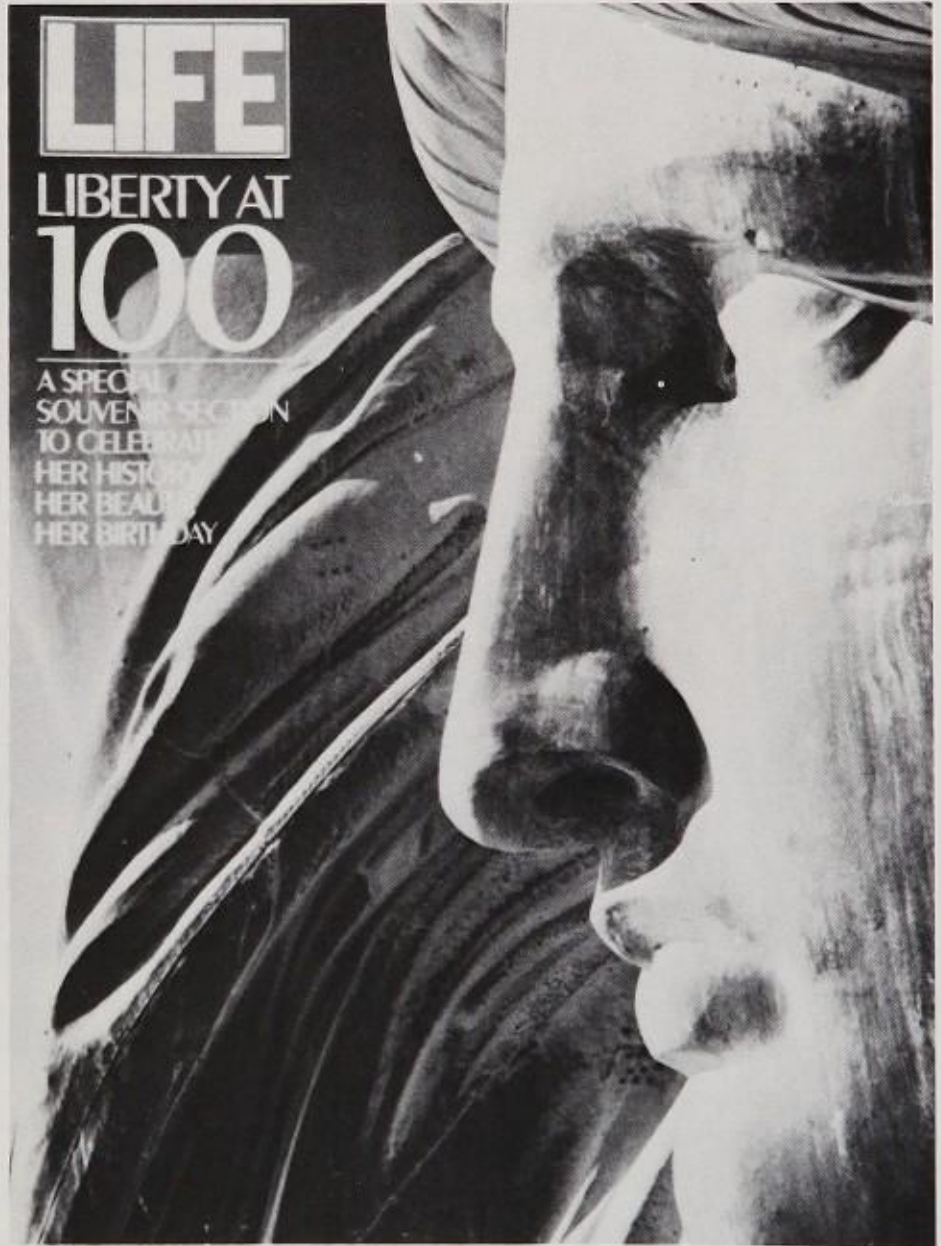

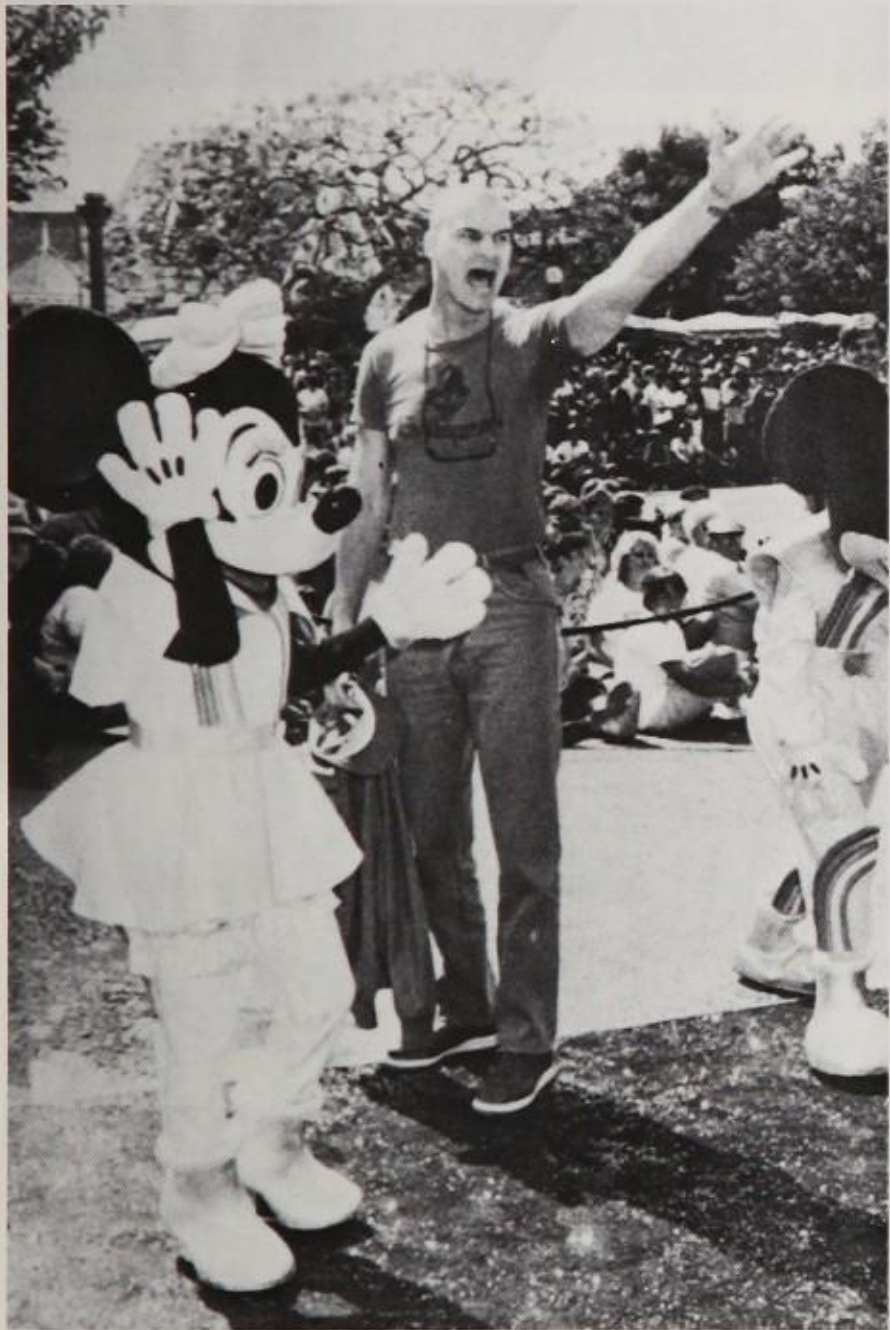

Throughout our lives we will each have memorable experiences. We have been very fortunate to have had such events take place this past year.

Sports today has much more variety than 20 years ago. In 1967, Los Alamitos was beginning to take a stand and prove that our school would be a great success. The Griffins have been very enthusiastic over the years, however, today there is more participation in the variety of sports. Twenty years ago, girls did not have teams like they do today. Instead, the girls would have a "playday" with other schools in the district.

Girls' athletics are taken more seriously now. The Griffins have always ranked highly in all our sports. In 1967, baseball was the only sport to go to CIF but, in 1969 all of our sports went to CIF. And now in 1986-87, our school has kept up with tradition by ranking highly in all our sports. One aspect of sports has changed from 1967-87 and that is our school rival. In 1967, our rival was Katella and today it is Cypress. Coaching has remained relatively the same throughout the years because we have had one consistent man throughout the years, Mr. Doretti. We are all proud of the support and faith he has given us. Los Alamitos will continue to be #1 in all our years to come.

THE YEAR

Three members of the Cottonwood staff 20 years ago look up while working on a page of the first yearbook and **Dawnielle Congiardo** and **Derek Sparta** look for some helpful ideas for this year's sports section.

**Robert Brantner** does some indepth research in the 19 previous yearbooks to try to find an idea for his section.

Twenty years ago a poll was taken to find student's opinions as a group on their attitudes towards school and their peers. This year we gave the same poll to see the changes in opinions.

Taking everything into consideration, how do you feel about school?

## Twenty and Growing

This year marks the twentieth year of the Cottonwood Yearbook and an incredible growth from one era to another. The first Cottonwood had only one-hundred and twenty-six pages and no color sections at all, where as today we have two-hundred and ninety-six pages and sixty-four of which are color. Also in the first yearbook there was a drastic difference in price. This year the price is twenty dollars for our yearbook and twenty-five after January, where as twenty years ago the price was six dollars. Although the change in price is larger at first sight, if you consider the change in the economy and the extras we are getting, you will find that Cottonwood 86-87 is one of the best values you will find.

**Shana Binder** and **Teri Hubert** stroll casually back to class after lunch. They are discussing the events of the day and the events of the evening to come.

**Paul Wilderman** and **Todd Nelson** study for an upcoming test while eating lunch in the area in front of the stage. Many students use lunchtime to try to catch up on work which they may have fallen behind in during the day.

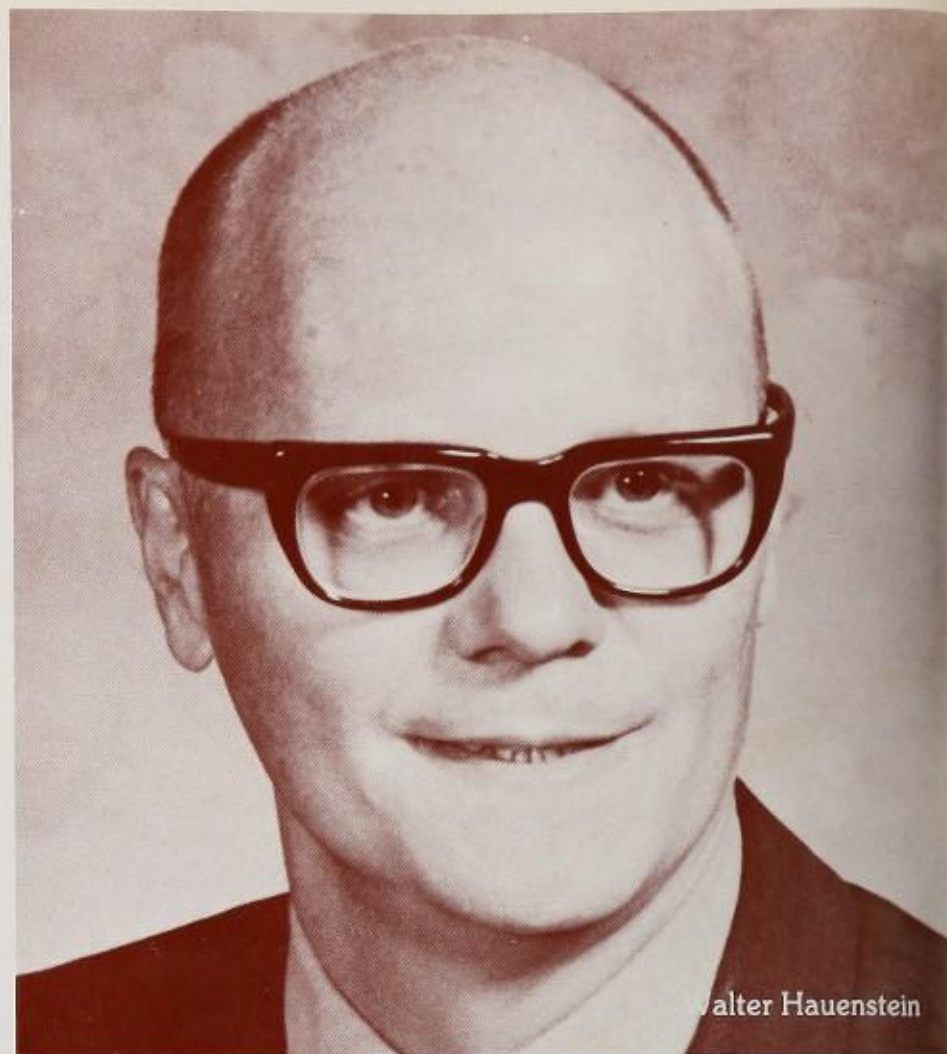

## Will Los Al Ever Clean Up Its Act?

All of us have seen the lunch area and the sophomores, juniors, and seniors have noticed a yellow line this year separating the lunch area from different areas of the school. Although this rule was never enforced with any real conviction it was a good idea; this was to keep all the garbage in one area of the school making it easier to clean up after lunch. Although our lunch area is considered to be a disaster area fifth and sixth period, it has been worse in the past. In December of sixty-seven, the lunch area was messed up so badly that Lori Fannon, a Crusader reporter did an article on it and described the mess by saying, "It was impossible to walk the length of the room without sliding on a hamburger or tripping on an apple core." This was one of the worst cases in Los Al's twenty year history, but the mess in the lunch area after lunch is still a problem and one which will more than likely never be resolved.

**Annemarie Buonocore** participates in one of the races during Homecoming week in front of the MPC at lunch. This was just one of the many fun events during Homecoming week at lunch.

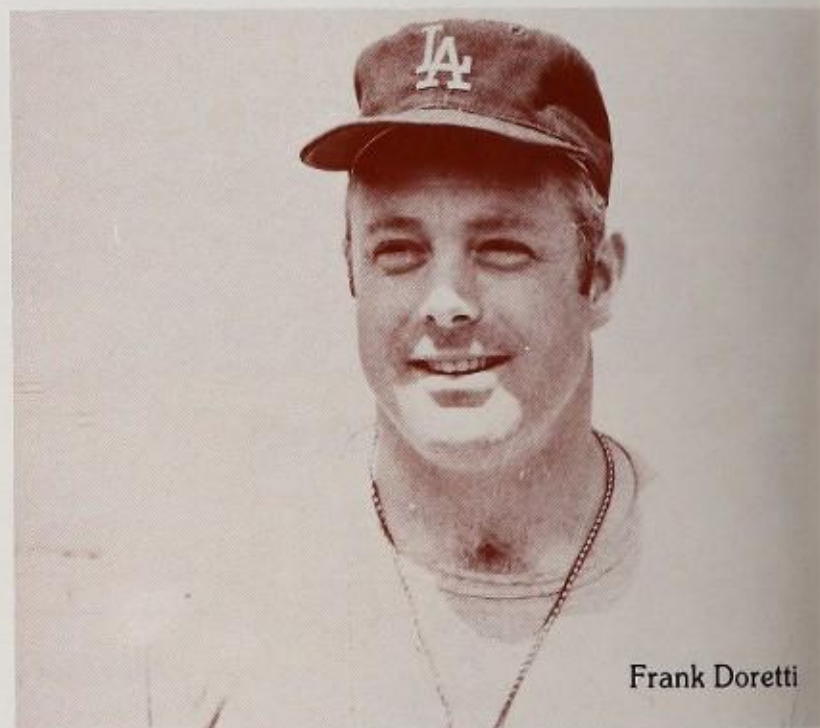

1987 was a very special year because it was our school's 20th anniversary. It was also an anniversary for five special teachers. These people are special because they have been here for 20 years, they are; **Mr. Gary Dixon, Mr. Frank Doretti, Mr. Walter Hauenstein, Mr. William Schneider** and our only lady **Mrs. Graciela Tynning**. When comparing students from 20 years ago to now, most teachers agree that students are more mature today. Academic pressures and college requirements have changed dramatically, which has added to the pressure on students. Due to the flexible scheduling 20 years ago, students needed more self-motivation, where as, today students have a set schedule and a laid out set of requirements. In 1967, Los Alamitos had one class which consisted of 600 sophomores. They continued all three years as the top class in the school. School spirit was greater 20 years ago as opposed to today. There weren't as many activities or sports, and the school was new so the student involvement was greater. Hair and clothes have changed dramatically over the years as Mr. Doretti says, "It has changed from a very conservative manner in color and type to a much more wild appearance."

## Sizzling Teachers in 20th Year

Teachers feel that in the "hippies age" dress was more sloppy and students today are more conscientious about their dress. When the teachers were asked how students have

grown or changed there were multiple responses. Mrs. Tynning feels that students have improved academically. Mr. Schneider thinks that more students are college-bound. "Students today are more knowledgeable," states Mr. Dixon. Mr. Hauenstein replies that, "Students are better educated, can absorb more and are more willing to do more." Mr. Doretta has noticed, "The level of competition has increased through the years as well as the size of the individuals. Girls are more competitive." The school itself has grown and improved very much over the years. We all wish these 5 special teachers a "Happy Anniversary" and a special thank you for their devoted service.

Each year Los Al's administration, staff, and faculty combine together as a team which adds to the excellence of our campus; this year was no exception. Many additions were made, including two new administrators and ten new faculty members. Our district places great emphasis on the improvement of teaching strategies. This allows not only for a better education detected towards the students, but it often helps to improve the relations between the students and teacher. This spectacular "team" is one of the many positive attributes at this charismatic school.

# Administration

## Los Al Leaders Sparkle

To most at Los Al, the Administration was a symbol of the hard work and strict discipline that gave Los Alamitos the excellent reputation that it deserved. What most didn't know was that these people who were the backbone of our school also had interesting lives after the final bell rang at 2:40.

On January first of this year, **Mr. Thompson** could be seen refereeing the Rose Bowl in Pasadena. He has been a PAC 10 referee for several years. **Mr. Godfrey**, the Activities director and a world traveler, plans to visit Russia this summer. **Mr. Moffitt**, the Assistant Principal in charge of curriculum, is an avid USC fan. **Mr. Dorrans**, The Dean of Students, is the commodore of the Alamitos Bay Yacht Club. These people along with **Carol Hart**, former Homecoming Queen and the principal of Los Alamitos High School, uphold our school's excellent reputation.

## Board Illuminates

In 1980, the Los Alamitos School District was on its own. Before this time, they were unified with the Anaheim District. Currently, all of the schools in this district are completely unified, working with a very strong school board. This elite committee consists of six people, each specializing in a different area. They meet two Mondays a month to finalize all decisions regarding the district. This year began under the Presidency of **Virginia Wilson**, after her term expired, **Art Jenet** took the position of president. Other members are **Jeannie Flynt**, **Mary Holzgang**, **Nancy Landers**, and Student Representative **Nora LaBouff**. This important reputable board is the cornerstone of the Los Alamitos Unified School District.

# Counseling

## Counseling Shines

To carry out the job of helping students with schedule planning, the Counseling office was provided. Schedule changes were necessary to keep both the faculty and the students satisfied at Los Al this year as last. The Counseling office consists of 6 people who are assigned alphabetically to the students at Los Alamitos. These counselors are assigned in freshman year and are kept throughout a student's high school career. **Mrs. Stoskopf**, the school psychologist, was also provided for anyone who needs to talk to someone other than a close friend. Whether they are helping students fill out a college application, or consoling a student in need, these special people became part of every student's life at Los Alamitos.

## "Help" Centers Dazzle!

Known as the three "help" centers at Los Al, the Library, Career Center, and the Nurse's office aided students with their wide range of needs. This year the library provided much of the same resources as any public library and with the addition of the new security system, loss of library books was minimal. This system reduced the inconvenience of not being able to find a book necessary for a report. For students who needed aid in finding jobs, applying for scholarships, or attaining information on a variety of career fields, the Career Center provided the information Los Al's students needed. For the freak accidents in P.E., or just for a small cut that needed a Band-Aid, the nurse's office was equipped to aid students in need of medical help. Throughout the year these centers provided the information and the medical help that the students at Los Alamitos required.

## Personnel Electrifies

You have seen them working in the main office, during lunch and after school, and cleaning the campus; they are called Classified Personnel, but we know them as the secretaries, switchboard operators, the cafeteria crew, and the janitors. These people were just as necessary as the principal to keep our school in top condition this year. At most schools, the students take these people for granted. The situation was the same at Los Al. These extraordinary people were able to provide aid for the teachers, keep the campus looking nice, and put up with students' ridicule throughout the year.

To lessen the inconvenience of walking to the crowded cafeteria to get a snack at nutrition, the cafeteria crew was provided with special Griffin snack carts that were equipped with almost the same contents as the cafeteria itself. The people working behind these carts were quick and efficient in serving Los Al's students as well as patient with the crowds surrounding the carts.

This year the janitors worked hard at keeping Los Al's campus clean, lockers in working order, and maintaining the neatness of the classrooms.

The secretaries, cafeteria crew and the janitors provided the help and maintenance that Los Alamitos required to keep its excellent reputation.

I was coaching football and he and his bandits thought that they would teach me a lesson so I would not leave my room unlocked. I had sent a student to my room to get my jacket; he shortly returned and informed me that there was NOTHING in my room. The next day I was trying to teach my first period class with them sitting on the floor, when Wilkoff came in to gloat. He then helped me to return my class back to normal."

## History of War

Many things contribute to the glow of Los Al's campus. Our teachers make a big difference. Not only do they truly care about the students, but they know how to have fun too. One of the most interesting games played among the faculty takes place within the Social Science Department. Within the department there is a little "war" taking place. In the history of this war, the two greatest battles were by **Dr. Jim Cross** and **Mr. Bob Wilkoff**. The first attack was when Wilkoff and his "bandits" totally cleaned out Cross's room while he was at football practice. The second of the two was delt by Cross as revenge on Celestin for interrupting his Future Studies class with the "trivial singing of an off pitch song." In this attack, Cross and his class launched an all out snowball attack on Celestin. When asked when this war started Celestin said, "When Hauenstein lost his hair and Cross lost his mind." As for when this war will end, "I think we will never reach a peaceful co-existence."

"My first year teaching at Los Al, I replaced a teacher in the middle of the year, which is usually a very difficult time for a teacher. The students were trying to have the class the way they wanted it, and I was trying to keep the class the way I wanted it. One of the many things that set **Los Al** apart from other schools is our incredible Performing Arts Department and the talent that guides it. # Physical Education

## Shaping Up!

When the Physical Education teachers and coaches were asked how they would describe teaching, **Mrs. Fleming** replied, "amusing," while **Ms. Giarratano** answered, "energizing." Los Al students work their coaches just as the coaches work the students. Freshmen are required to take a year of P.E., and while sophomores also have this requirement, they get to choose one sport they would like to concentrate on. There are open tryouts for the many athletic teams and the coaches are always looking for new faces to participate.

**Mr. Doretti** finds a little bit of time to himself between his weight lifting class and football practice.

**Ms. Bohannon**, head of the Girls' P.E. Department, pauses in the gym during her basketball class.

After finally getting out of the dunk tank during Spirit Week, **Mrs. Fleming** is able to laugh at herself.

# Physical Education

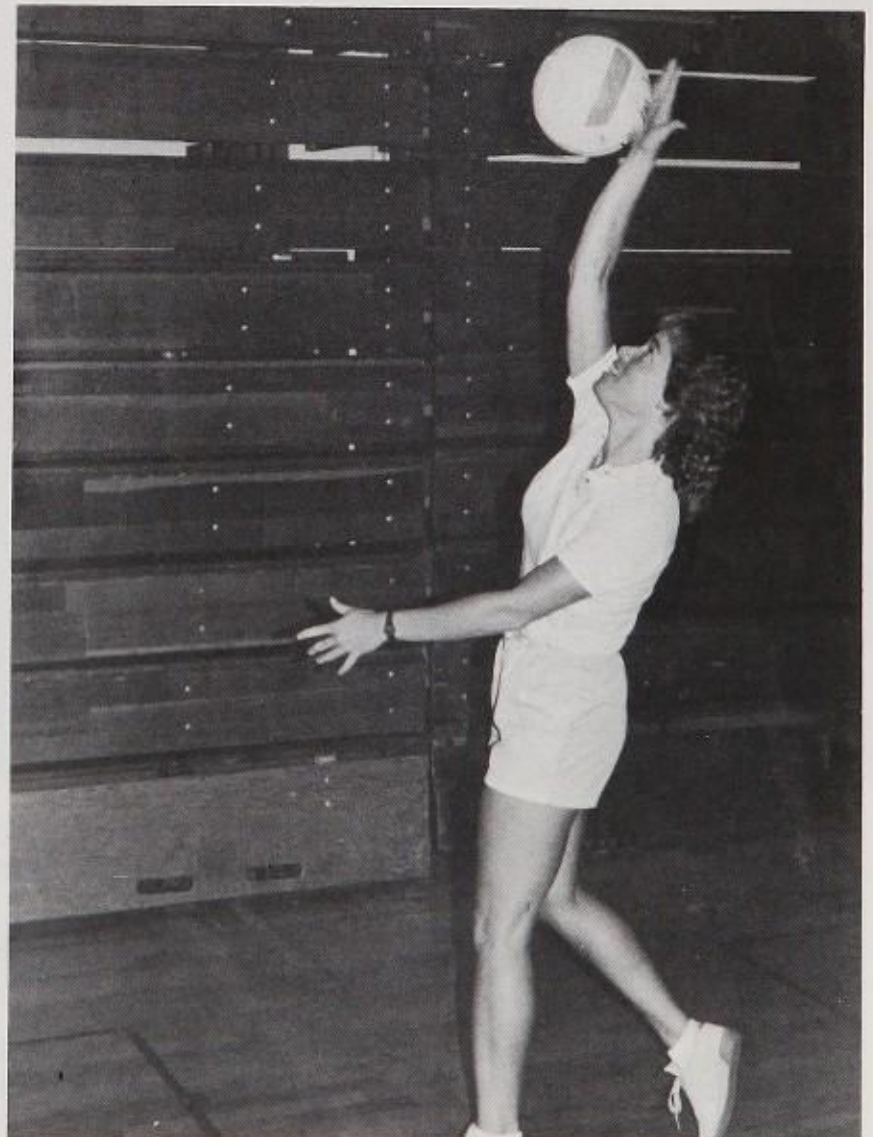

**Coach Lockhart** stops to think over one of the plays at practice.

Attentively watching the varsity football game from the side lines, **Coach Barnes** hopes the Griffins win.

**Mr. Brody** fires the starting gun during one of the Los Al's track meets. He is also in charge of ski club.

Varsity volleyball coach, **Jami Moore**, serves a ball during practice.

# Home Economics

## Hot Homemakers

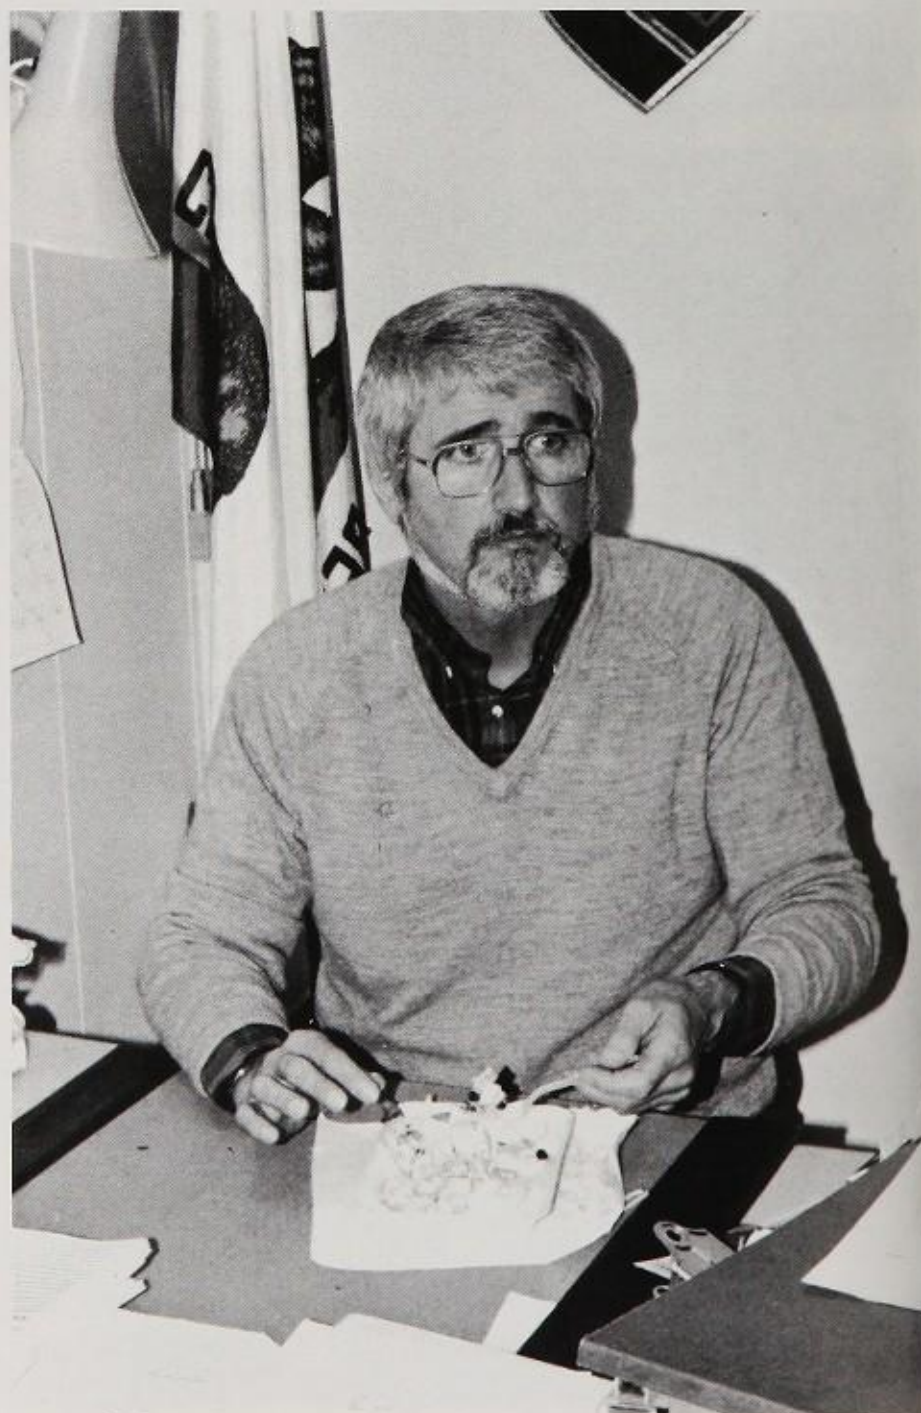

At Los Al, Home Economics is a department where students can prepare for the future and be creative in the process. Cooking and sewing classes are available to improve old skills and learn new ones. Even the teachers get something out of their classes. Cooking teacher, **Jeanne Limmer**, describes teaching as "exhilarating." Another class that is very popular is On Your Own. Students are put into real life situations including taking care of a baby, actually an egg, balancing a checkbook, and finding a place to live.

**Mrs. Limmer** poses with her cooking class after preparing some pizzas.

**Ms. Hulen**, Los Al's sewing teacher, takes the roll in first period.

On Your Own teacher **Bob Atherton** eats his lunch while deep in thought.

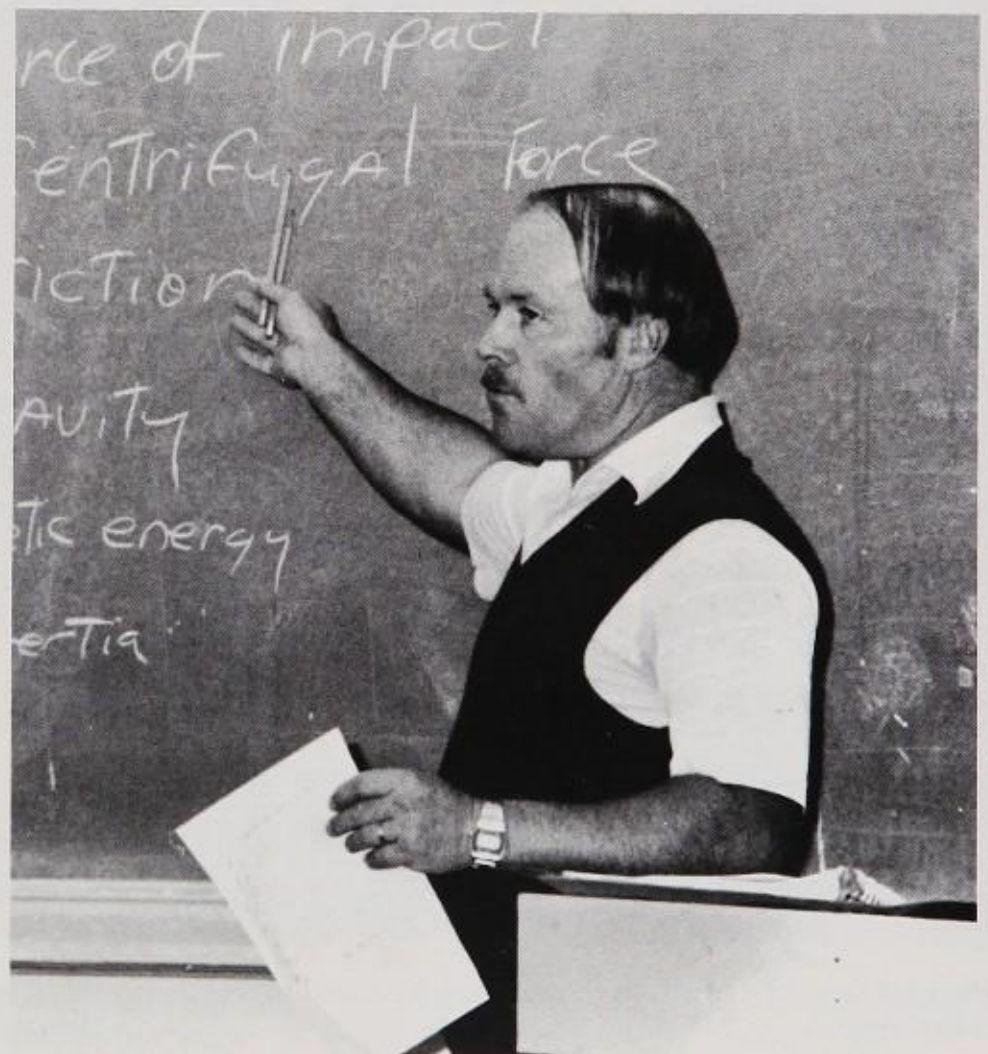

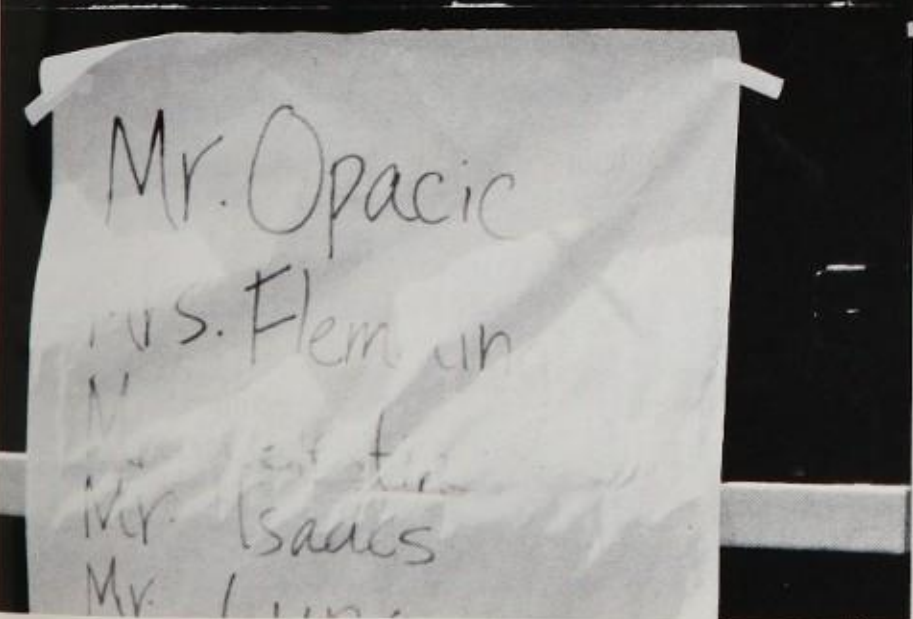

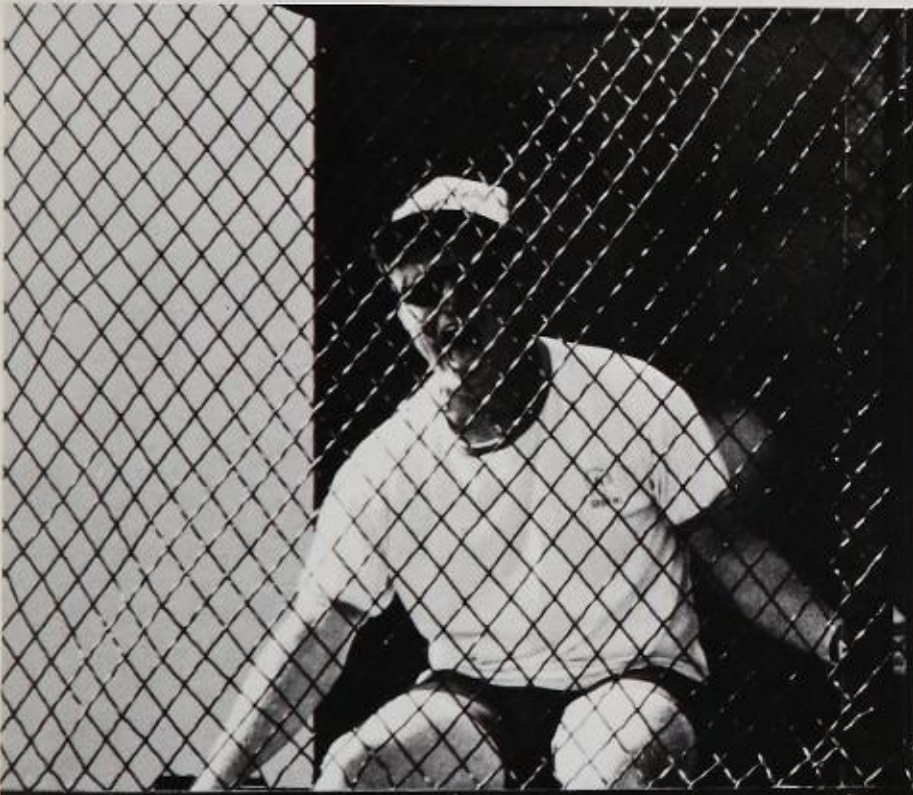

# Driver Education

## Burning Rubber

Driver Education is a class most sophomores can't wait to take. After having book instruction, simulation driving, and actual on the road driving experience, students are able to receive recommendation for getting a license. **Bill Christie, Gary Dixon, Ron Schwandt, and Ron Lung** instruct the Driver Education classes. It takes a lot of patience for these teachers to teach Los Al students the rules of the road. **Mr. Dixon** refers to teaching as "outrageous."

**Mr. Schwandt** rests at his desk after driving all day in Driver Ed.

Driver Ed. teacher **Mr. Lung** gasps as someone prepares to dunk him.

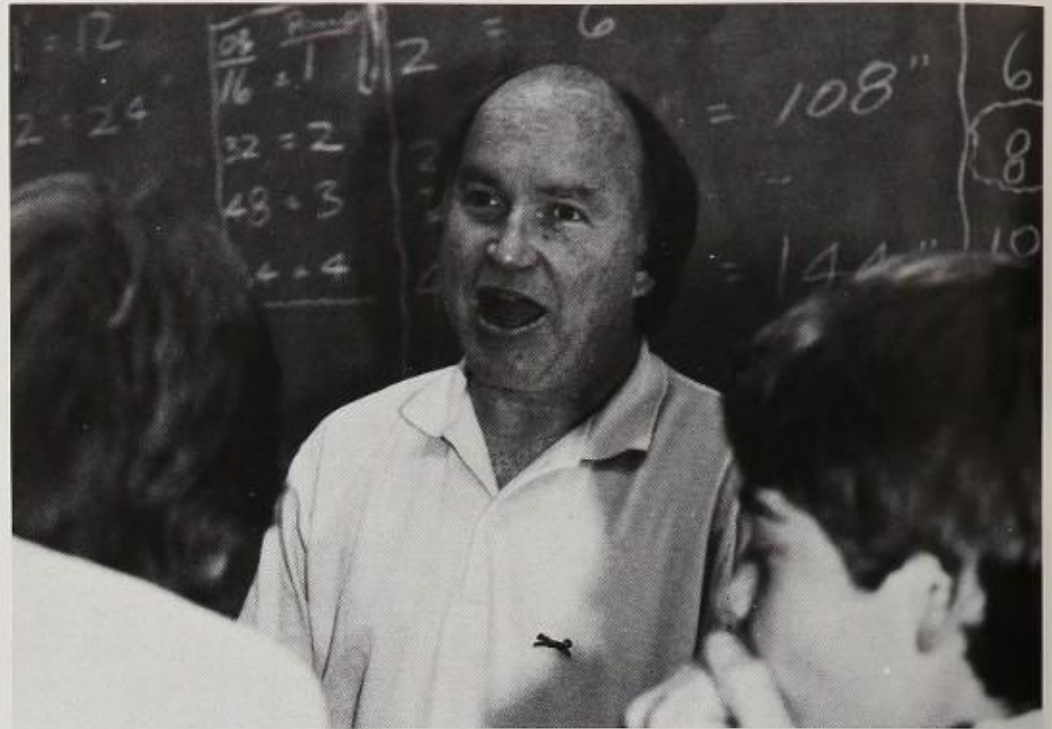

**Mr. Dixon** lectures to his Driver Education class on centrifugal force.

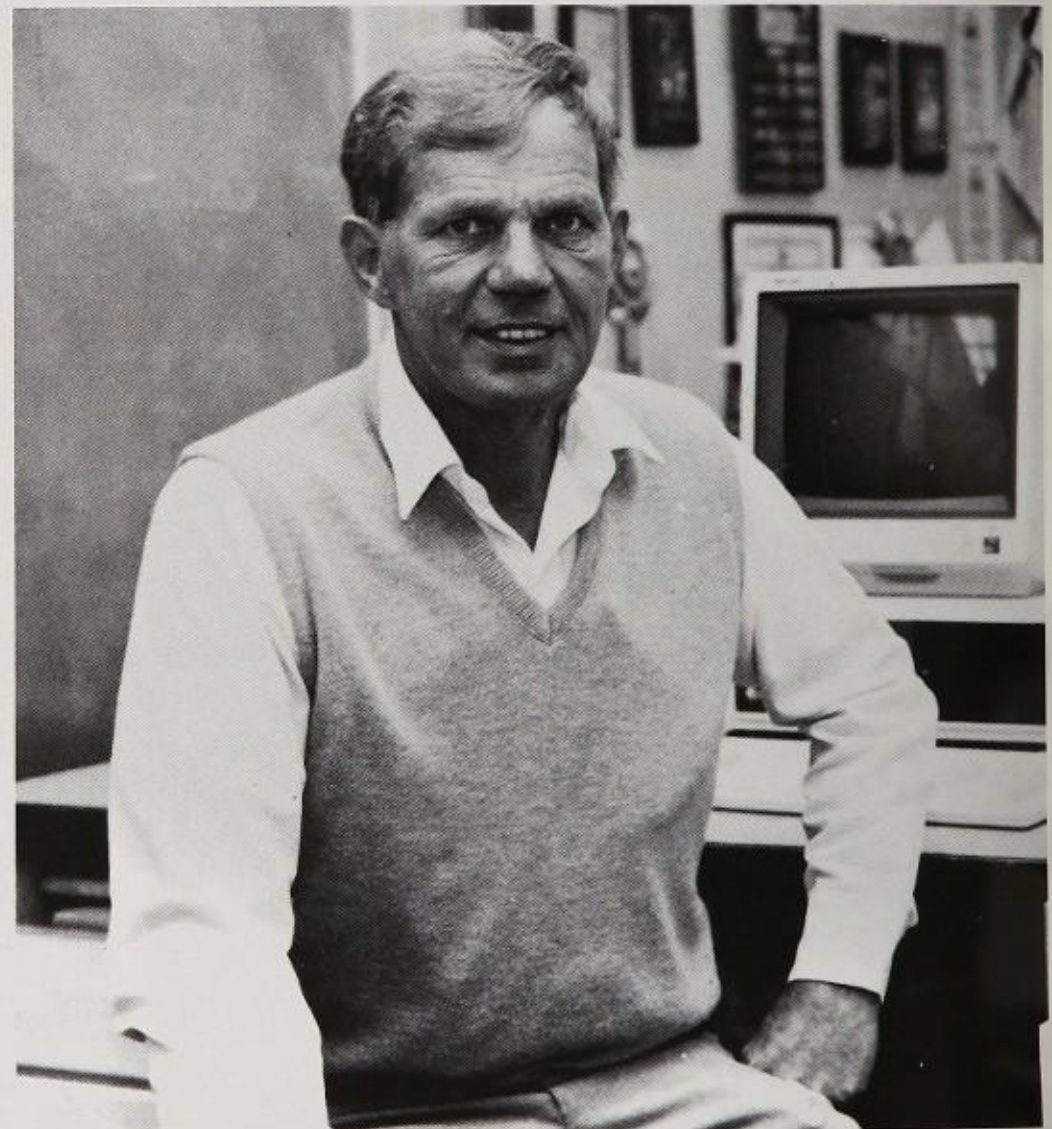

# Industrial Art

## The Arts Sizzle

The Arts department here at Los Alamitos in itself is not much different than the ones at other schools, but there is one special quality that sets Los Al apart from all the rest. It is the teachers that make our Arts department so unique. Mrs. Hemphill is an extra special member of the art department as she has taught here since the school opened twenty five years ago. Making up the industrial arts section is Mr. Becker, Mr. Martinez, and Mr. Ellis. The rest of the art section is made up of Mr. Doran, Mrs. Deering, who is taking the place of Mrs. Woirol while she is out on leave, and Mr. Considine who teaches photography.

Auto shop teacher, **Mr. Martinez** shows how to adjust valves and rebuild an engine.

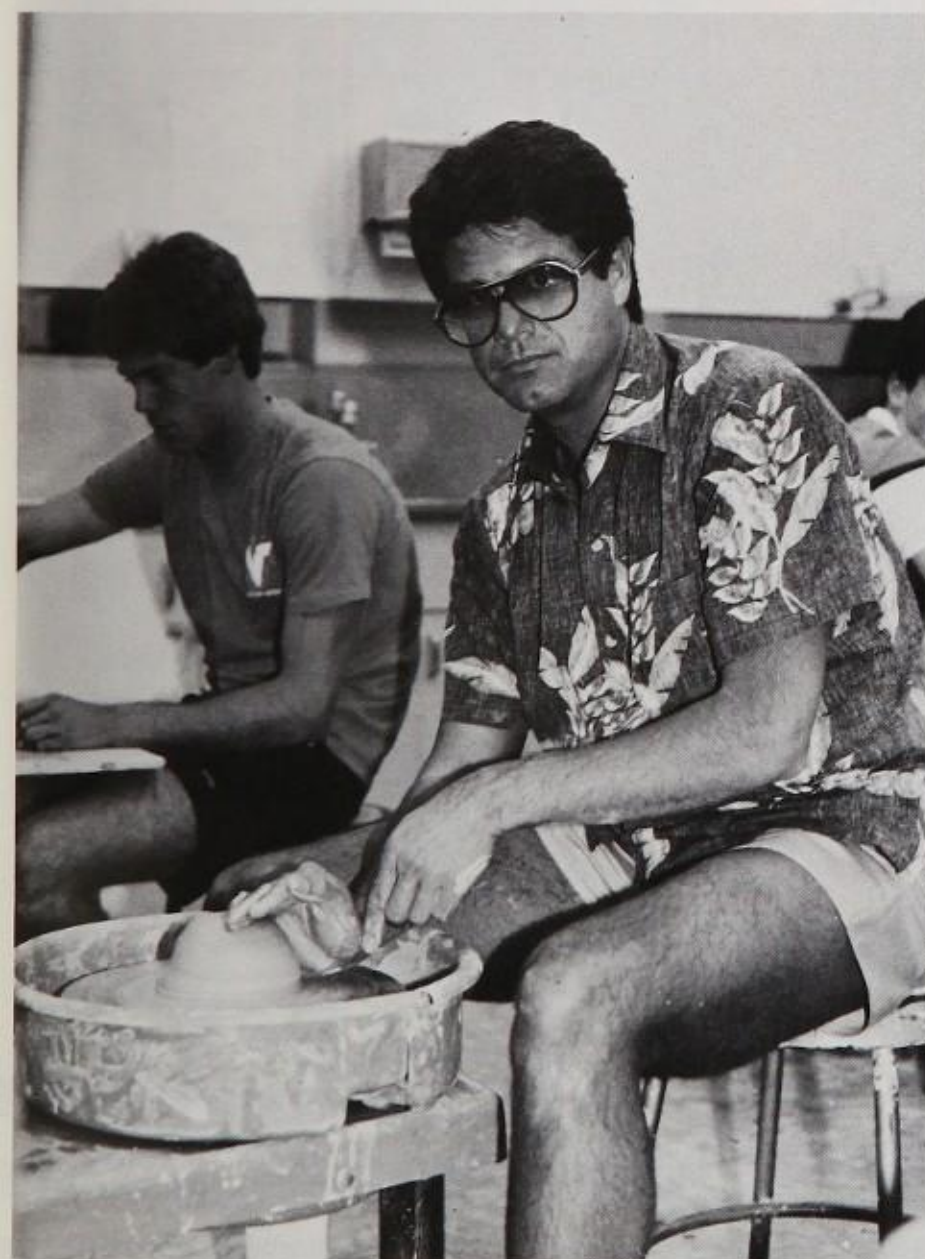

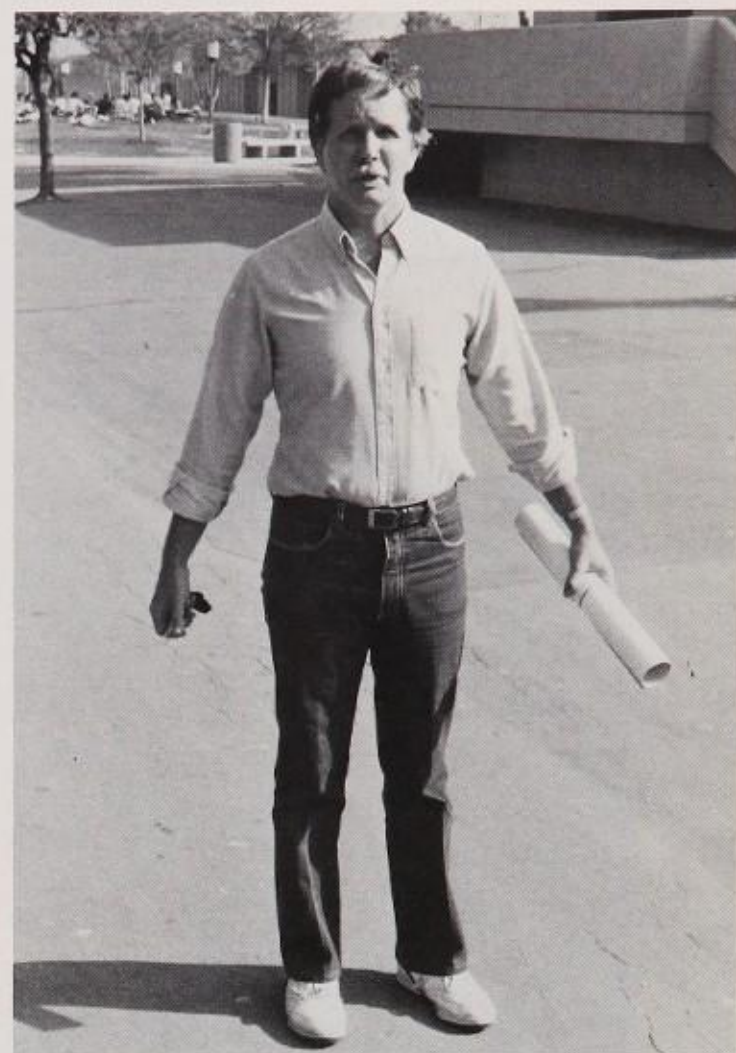

**Mr. Becker** explains to his woodshop class how to effectively assemble a kitchen spice rack.

Taking time away from his computer, drafting teacher **Mr. Ellis** checks up on his students.

# Art

**Mrs. Hemphill** takes a minute to perfect Ingrid Brain's self portrait. Mrs. Hemphill teaches both commercial art and drawing and painting.

"Focus the lens!" shouts **Mr. Considine**. The photography teacher gives tips to a photographer while he gets his picture taken.

Ceramics teacher **Mr. Doran** shows his beginning class the correct way to throw a pot. If it is not centered, the end result isn't quite as good!

Jewelry instructor **Mrs. Deering** shows her students how to cut gold. Many students have enjoyed having her while Mrs. Woirol is out on leave.

**T**he class of 1987 was unique, profitable, zestful, and one-of-a-kind. The activities provided by their helpful class committee included a most exciting homecoming week and spectacular half-time, a senior slide show, fund raisers, and the graduation breakfast. Two words which describe this class are "dedication" and "commitment." When a problem arose or a decision needed to be made, someone was always available to lend a helping hand. Under the direction of **Mrs. Karasik** and class president **Emil Jorge**, the seniors were able to leave their Alma Matter with a sense of accomplishment and pride. They have set a perfect example for future classes to emulate. The sun may be setting, but the friendships will last forever.

#### Adolescence

Adolescence is beginning high school,  
and finding out how difficult final exams are.

Adolescence is going shopping in the mall,  
looking for the perfect prom dress.

Adolescence is giggling with your friends,  
and flirting with the cute guys.

Adolescence is acting like a delinquent.

Adolescence is getting your driver's license,  
and arguing with your parents,  
and sitting in detention hall because you were late to class.

Adolescence is worrying about your looks,  
and wearing in-style clothes,  
and going to the school play because you need the extra credit.

Adolescence is starting to make your own decisions,  
and taking charge of your life.

They tell you not to look back,  
To avoid the regret and the pain,  
But I will always remember  
those warm special moments we  
shared,  
in smiles and in tears:

Our first date and kiss,  
our anniversary dinner,  
those nights we fought,  
and ended up in each other's arms,  
the endless picnics,  
and the rainy days —  
when we were too happy to be gloomy,  
the memories are endless.

The proms and formals,  
the dreams that didn't fall short,  
along with all the irreplaceable  
memories.  
How could I forget?  
My joy will over-ride any regret or  
pain,  
So, please, someday, look back,  
and remember our little voice,  
saying I love you.

#### To Become A Senior

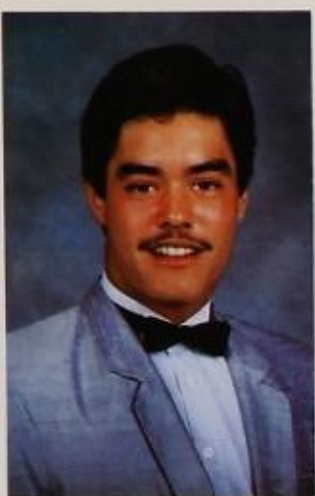

it seems so long ago  
when we all gathered in the gym  
for freshman initiation.  
all these years,  
we were dying to get out;  
to become a senior.  
seniors seemed so untouchable  
to us.  
so popular: definition of cool.  
  
well, now we're here,  
so where do we go from here?  
out to reality; college.  
no more messing around, missing homework.  
time for SAT's & applications.  
it's all part of our destiny  
to become a senior.

Gently gliding through the infinitive sky.

Attempting to see the ground.  
I will feel alleviated when I understand.

You

The tide rolls in  
Along the sandy shores  
Shells skip along  
As seagulls dance on the surface  
Of teal-green sea.  
The ocean catches  
The sparkle in the eye of the sun  
As you caught my eye  
How my world glistened  
When you became a part of it.  
Every day, shiny and new.  
How can one person affect another  
So deeply and loving?  
Yes, the sun always shone  
When you were around.  
All my days were full

Of sunshine and bliss  
You brought to me.  
It was glorious while the sun  
Shone so bright in my life.  
The tide rolls out  
Away from the sandy shores,  
Carring my heart and love  
You once had for me.  
Seagulls dance, picking at my  
All ready bleeding heart.  
How gloomy that day was.  
The sun was sullen  
And chose to stay away  
That sorrowful day.

I'll never be the same again

After reading Bukowski  
I'm sure it's hard for anyone  
to be the same again  
because I've found myself  
lying in this rut  
ready for any chance  
to jump out  
I'll jump on you  
clinging  
on with all fours  
vengefully  
It seems the only natural thing  
to do.

## YOU AND ME!

Friends we are

And friends we'll be

Until the end

Of you and me

Fights we've had

Few and small

But we've stayed friends

Through it all

Through all the good

And all the bad

If we part  
I'll wish you back again

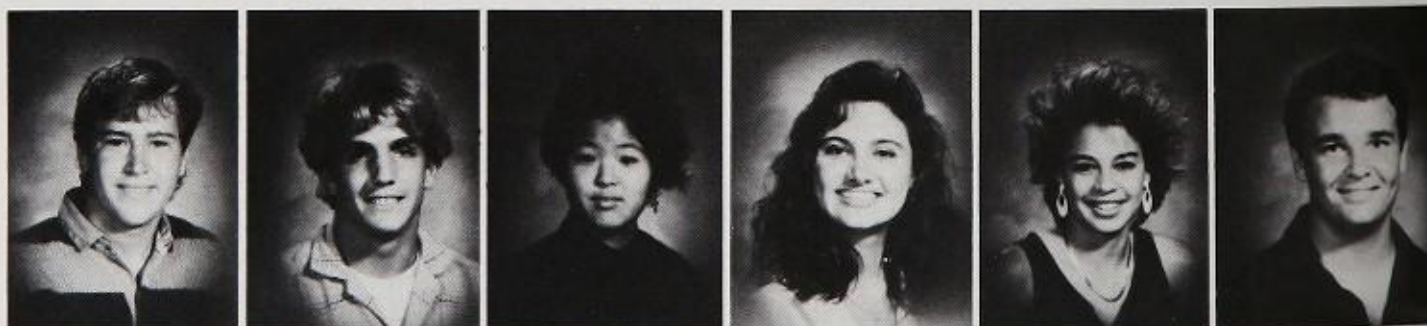

I'll wish on the star  
That shines at night  
And brings out your glow  
And makes you so bright  
But no matter what happens  
I'll never forget  
All the things we've shared  
Since the moment we met

**U**nder the tutelage of Mrs. Steeby, Brian Ehler, and Joan Burtzell, the class of 1989 completely flourished this year. Along with a feeling of self-discovery, came the bonding of new friendships and the gaining of knowledge. The main goal of this class was to raise money for the Junior/Senior Prom next year, which they will sponsor. They obtained a great amount of money from the good ol' candy sales. This well-rounded mixture of students sponsored the annual Sweetheart Dance, which was a big success. The proceeds from this event went into their growing fund. Each individual in this outstanding class made a difference in one way or another. The sun is shining along with this group of unique students.

### Christmas

In December, when the time is right  
Santa Clause comes to your house late at night.  
He has gifts that he has wrapped,  
For nice children he knows,  
And for children who are bad,  
He leaves their house alone.  
Down many chimneys he goes,  
With many toys for good girls and boys.  
He puts them in their stockings,  
Joyfully and quick,  
Then up the chimney he goes,  
To ride his sleigh full of Christmas bells.  
Christmas to me is a special day indeed,  
Not just because of the birth of Christ,  
But because of the gifts I receive.

A dark room with one bright light shining on me, Happiness on the walls but sadness fill the air. The giant, older, spider climbs off my ceiling into my head. The water rushes smoothly to the dry sand.

The beach at sunset  
looks bold and mysterious;  
Like a picture on a newspaper  
in a cold eastern state.  
The beach at sunrise  
looks renewing and golden;  
Like reincarnation of another day;  
it bring new life.  
The beach at midday  
is busy, yet quiet;  
with waves of heat  
reflecting off the sand.  
The beach at dusk  
is quiet and sullen  
A depressed call of a seagull  
rings softly here.

**T**he freshmen class began with 489 nervous students who managed to make easy transitions from middle school to high school. After completing probably the most difficult year of Los Al, exuberant, spirited, and "obnoxiously" mature personalities were formed. Their first step toward success was a candy sale fund raiser which brought about a very "sweet" profit. With support and encouragement from Mr. Pazeian, the class advisor, President Brian Knapp, and Vice-President Monica Quenga, the Freshmen were the champions of the pom-pom contest which took place at a pep assembly. One hundred dollars was added to their fund. A "clean" profit was obtained from the car wash which they also sponsored. The annual Sweetheart Dance was definitely the climax of their year. With their zest for life, the class of 1990 is off to a victorious start. The sun is only beginning to rise.

Yes, it's true, that's what I'm called  
 And upperclassmen are apalled  
 When I even ask to be  
 Treated with some decency  
 Just being a ninth grader is not too bad  
 It's being a "frosh" that's pretty sad  
 What I think the other guys should do  
 Is remember that they were freshmen, too  
 And I hope they hear me clear and loud  
 I'm a freshman And I'm darn proud

## LIFE

What would cause these people of ours to ignore the prettiest things in our culture? Pretty flowers blooming, grass green with color, the air crisp, clean, making your heart skip like a jumprope. What is in the mind of our people that we don't appreciate the finer things in life. It makes me so happy to get away and just sit and watch the flowers blow in the clean blue wind. Fresh, clean, free. People always complain about paying too much. Well, my friends, this is made just for you, and it won't cost you a penny.

## LIVE NOW

Lying here on my bed I listen to the  
sounds of the future,  
I see its sight and feel its touch  
and I am scared.  
Changes lie ahead for everyone; the only  
certainty is changes.  
Welcome them and the new aspects they  
bring to you.  
Keep memories and faith to keep in  
touch with the good times of the past,  
but look forward with an open mind at the  
good memories in the making.  
The way to deal with change is to make  
the best of them, because there is no  
avoiding them in the end.  
Take advantage of the great things that  
they offer.  
Live now . . . Live now.

### Time

It is . . . of the essence,  
 A feeling, not really substantial, but  
 Just a kind of, you know, something  
 Which is followed: never, no, always —  
 But has no real boundries,  
 No place of birth — nor a tomb for THE END because  
 There is none — and won't — can't — since  
 If not now, when? doesn't matter, and  
 Clocks don't make time — time makes  
 Everything  
 Should we worship the one force  
 Which governs us like  
 A dictator given new unseen power?  
 Or is it a "take for granted" which  
 Will not beg — or take — or try — since  
 The only thing that can  
 Isn't — and  
 We are all prey of this  
 PARASITE  
 Which climbs upon us as we  
 Do what we — when we — do . . .  
 And will, because it is our life  
 It  
 is  
 Time

In September, when the sun was only beginning to rise, 220 students and 150 faculty member began their march to a stream of success. Then came November, December, and January when the sun was at its peak and goals started to become realities. During the next three months, magnetic sunbeams lit up our campus as golden memories were being formed. As Los Al witnessed its final sunsets, achievements were accomplished and friendships were bonded closely together. The mighty Griffins will now strive together to begin a new decade of success.

## Unforgettable Memories: Sunsets Shared Together

"Friendship is the shadow of the evening, which strengthens with the setting sun of life." **Jean LaFontaine.**

Most people at Los Al would agree that friends are a main source of motivation and laughter. This past year provided students with many memorable events which were shared together. Remember our spectacular homecoming game when the skydiver landed on the 50-yard line? And the day it snowed at Los Alamitos High School? For the first time our girls' varsity soccer team made it to CIF semi-finals. Don't forget the festive Internatinal week. A large balloon ascended from our quad area with a message reading "Give Peace a Chance." These are only a few of the "sunsational" events which will be remembered along with the 1986-87 school year.

**Stephanie Sanchez** and her date enjoy a private moment together. They find that a little tender loving care goes a very long way at the Homecoming dance.

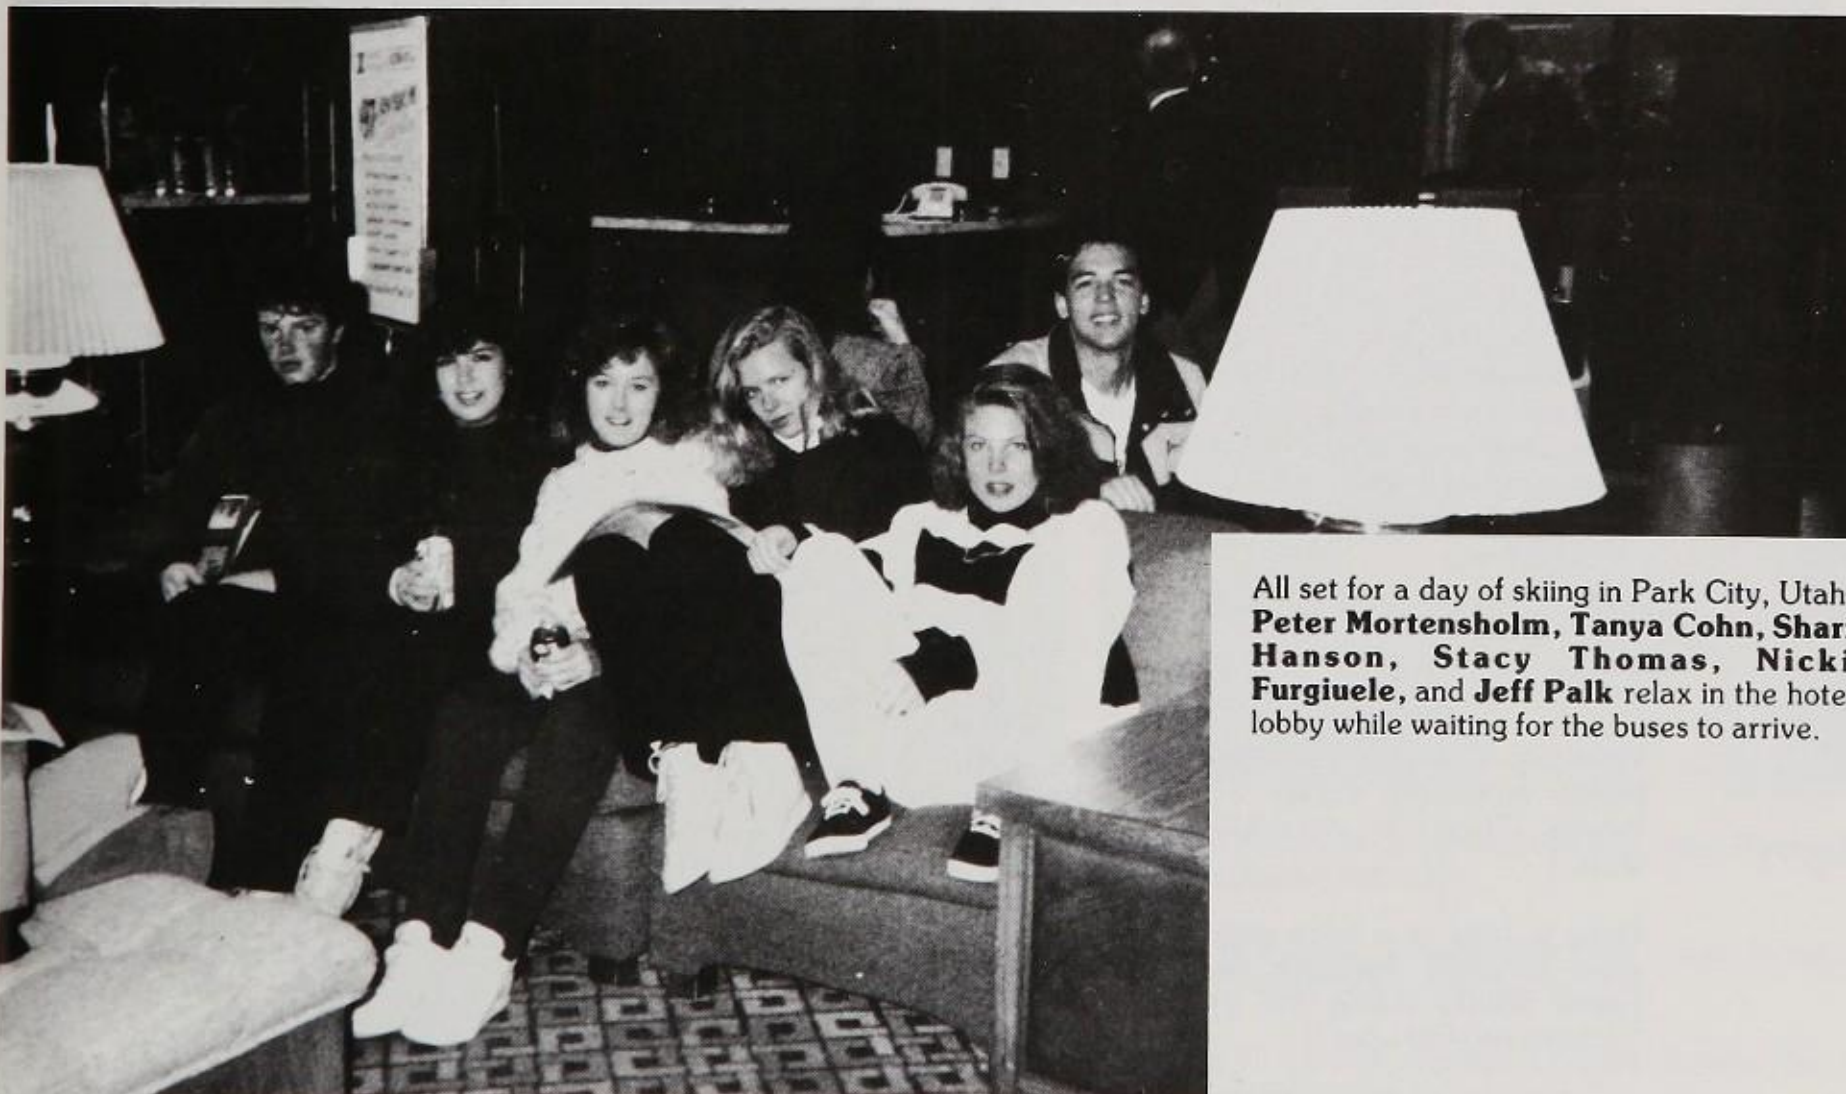

A helping hug is just what the doctor ordered. **Laura Nettelfield** thanks **Andrea McConnell** for always being a true friend.

Entering the ballroom for the Winter Formal, **Kevin Mahoney** and **Nancy Clark** are excited to dance the night away with each other.

Friendships can be just a matter of laughing. **Jeff Fairbanks** and **John Fischer** share a few jokes during nutrition.

All set for a day of skiing in Park City, Utah, **Peter Mortensholm**, **Tanya Cohn**, **Shari Hanson**, **Stacy Thomas**, **Nicki Furgiuele**, and **Jeff Palk** relax in the hotel lobby while waiting for the buses to arrive.

## Seniors Bid Farwell: Good Luck Future Griffins

The high school dream is now a glorious memory for the class of 1987. The seniors left with a true sense of accomplishment and a hope for success in the future. They'll take the lessons learned and let the memories mold their future. The rest of the classes will begin their journey to "seniorhood" as they begin a new decade at Los Al.

Remember, as the sunsets on a dream, it quickly rises towards another aspiration. Always wish for the best and until your class reunion, may all of your dreams come true!

Joining in the fun, **Bobby Lee** gets ready to throw a snowball at anyone who gets in the way.

Stopping for a break, **Christy Chomin** decides that playing the xylophone isn't so fun after all.

After a day of skiing, **Gary Dingillo**, **Wendy Nugier**, **Ann Marie Hagmann**, and **Julie Jones** rest before going out on the town.

## Twenty Year Teachers Shine in the Limelight

The staff members at Los Alamitos High are found to always be totally dedicated to their responsibilities. There are, however, five teachers who are celebrating their 20th Anniversary with Los Al this year. Since 1967, these few individuals have reached out to students and shared their knowledge and dedication with generosity. With much gratitude and appreciation, the Cottonwood Staff would like to dedicate this special edition, "Under the Sun" to the following individuals: **Mr. Frank Doretti, Mr. Gary Dixon, Mr. Walt Hauenstein, Mr. Bill Schneider, and Mrs. Graciela Tynning.** Their superior work has definitely made a difference in Los Al's top rated reputation. The Cottonwood Editors congratulate you and wish you a Happy, Happy Anniversary!! Good luck as you begin another decade of excellence.

## Editors Survive Making Of Under the Sun

Okay, Cottonwood staff, you're allowed to breathe now! Congratulations on a job well done. As I look back on my year spent with the Cottonwood staff, all I can see are cluttered, hazy blurs of the unforgettable events that shaped this yearbook. After a long summer workshop with Mrs. Arney and Julie, I feel prepared and confident to face my duties as an Editor. Everything seemed so organized in September. Then came our first DEADline (you meet it or you die)! At this point a question dawned on me, "What did I get myself into?" During those long hours after school, Mrs. Arney, Julie, and I quickly found out what we were "really" like! My position as Editor has truly been a rewarding and learning experience. I'll always smile when I look back on it.

**To Mrs. Arney,** I can only say two words . . . THANK YOU!!! Your constant encouragement was irreplaceable.

**To Julie,** it's been an incredible experience working with you. Please remember me when you become Editor of your college yearbook. (Are you laughing?)

**To the 1987 Cottonwood Staff,** you're wild, zany, and totally miraculous. Thank you for hanging in there. See, didn't I tell you this would be a rewarding task??

God Bless,  
Editor

*Ann Marie Hagmann*

As I look back on the year all I see is the word "DEADLINE!" How scary!!! But with the help of many talented individuals my stress level was kept at a minimum. I want to thank the staff for holding out as long as you did; you all deserve a great amount of credit.

**Mrs. Arney** — I really don't know quite what to say. We've had a lot of ups and downs this year but look what was produced between us all — pretty spectacular huh? Thank you for all the experience I have gained and the knowledge I will leave with. And **Ann Marie**, thank you so much for brining out a part of me I never knew I had. I think we worked well together and I am grateful for all you help especially all those copy blocks!!

My experience as Editor has brought me through a great deal of personal blocks and I fell I have gained a great deal. This has been one of the most challenging and rewarding opportunities I have experienced in my high school years and I will always remember it as a positive one.

Love,  
Editor

How are we doing  
 today? Well, well, well. How are we doing  
 any car windows lately? Any pizza at  
 what's there to say? You're a  
 very fun person to be with it.  
 Everything you do is so outrageous!  
 Actually, it is very obnoxious.  
 but it doesn't matter because  
 you know how to have fun.  
 I will see you a couple times  
 this summer. Love, Kelly Enders
